Executive Summary and Discussion:

On Thursday, April 25, 2002, five (5) bids were opened for the Construction of 2001/2002 Measure 'D' Asphalt Concrete Overlay in the Santa Ynez, Los Olivos, Buellton, Los Alamos and Mission Hills Areas in the 3rd Supervisorial District of Santa Barbara County, County Project No. 810474. The lowest responsible bid was submitted by Granite Construction Co. in the amount of \$ 1,222,222.00, which was 10% below the Engineer's Estimate. Staff has performed an analysis of the bids received and has determined that the low bid is responsible and reasonable. Staff recommends awarding this contract to Granite Construction Co.

The project is one of the strategies the Department employs in its annual Preventive Maintenance Program and consists of the removal and repair of failed areas in the existing pavement, cold planing, pavement reinforcing fabric and placement of an Type B asphalt concrete overlay over a asphalt concrete leveling course. Approximately 28 lane miles of County maintained roadway will be resurfaced with construction of this project.

Your Board approved the project as part of the 2001/2002 Capital Improvement Plan. The specific project locations are approved by your Board in the FY 2001/2002 Road Maintenance Annual Plan (RdMap) and attached for your information.

This project was bid in accordance with the Public Contract Code, which requires the award to the lowest responsible bidder.
