

Hello Chai Hart and Honorable Members of the Board:

Hello Chair Hart and Honorable Members of the Board. My name is Jesse Zaragoza and I have lived in Santa Barbara county for 15 years over my lifetime.

My great grandmother lived in the county from 1911 until her death in the early 2000s with generations on generations of relatives in the county. I attended school at Alice Shaw and Lakeview Jr. High as did my parents, but they went to Righetti and St. Josephs for High School. I currently work in the county for a private funded company and over the past 2 and a half years have worked with over 30 local businesses here in the county. Some of these businesses I will not name as I abide by and respect privacy and my own morals. West Coast Farms have the highest standards and respect for employees and local support at every level. They are GREAT hearted people and care about humanity and business.

I am calling to give my support to the applicant West Coast Farms today because:

This applicant has followed every rule as it was intended by your board.

They have designed a beautiful project that will enhance the property that the project sits on and the community as a whole.

And it would be not only irrational but disgraceful to future farmers, scientist, architects, county universities, farm laborers to executives, engineers, lawyers, consultants, local government entities, land use companies, and more local businesses to deny a project that has meets all of the requirements that have been set by this boards cannabis ordinance.

Please approve this project. God Bless.

Thank you,

Jesse Zaragoza

Chief Revenue Officer
