LATE  
DIST

Dear Board Members,

I am in strong support of the ordinance to limit storage of Vehicles and materials. It depreciates the value of our homes and the ascetics Santa Barbara is known for and has worked so hard to protect. I believe it will avert fire risk, environmental littering and leakage, danger to children that are curious and drawn to old trucks, cars and materials, and various health and safety hazards. PLEASE pass this ordinance and help to keep our neighborhoods beautiful and safe.

Thank you for your consideration,

*Tom Woliver*

## Ordinance to Limit Exterior Storage of Vehicles and Materials

Dear Supervisor Carbajal,

I am writing to encourage your support of the Ordinance to Limit Exterior Storage of Vehicles and Materials on October 4, 2011. I believe we are in need of this ordinance to preserve the aesthetics of our neighborhood and to prevent/mitigate the negative impacts resulting from the storage of vehicles, construction materials, and assorted junk when it occurs in an excessive manner on residential property. We live in a beautiful environment and storage of junk negatively impacts the surrounding properties and neighbors. I am attaching a photo which shows the situation at one residence on the street where I live, Edgemound Drive. While there are always several vehicles around the property belonging to residents/renters, the two vehicles shown (parked in front of the house) have literally been there for years, not moving and, from all outward appearances, inoperable. As you may be aware, there is another property in our area which looks more like a junkyard than a family home. I sympathize with the neighbors who live nearby.

I understand the need to store things from time to time due to unusual circumstances or needs, but to allow the storage of junk to continue for years on end in areas not zoned for such purposes is unfair to other neighbors. Unfortunately the lack of concern shown by a very few property owners has resulted in the need for this ordinance.

Thank you for considering this matter.
