Subject: Otrcutt Homeless Shelter

Peter, Bob, Steve:

We have 44 homeowners in Stonegate, just a a block South of your proposed Orcutt Homeless Shelter. How in the world can you place a homeless shelter within a block of a new 44 home neighborhood? Being that Stonegate is made up of primarily retirees, they fear that the homeless will spend their time in the Stonegate pocket park that is intended for neighborhood children and the strong possibility of theft that is, on many occasions, tied to the homeless.

Their fears go on to watching their home values drop with the influence of a homeless shelter. What can be done to stop this use in the charming character of Old Town Orcutt? This in not the location for a homeless shelter. Please gentlemen, we ask that you vote to deny the permitting of this ill conceived use of 220 So First Street as a shelter for the homeless, it just doesn't fit the neighborhood. Think about it, Orcutt grammar and middle schools are just two blocks away. Homeless men and young children do not mesh. The single and widowed ladies living in Stonegate are fearful of a group of homeless men living just a block or two from their homes. Again, please place your NO vote on the permitting of this use.

Respectfully requested,
Stonegate Orcutt Venture, LLC
