**25. ENTIRE AGREEMENT AND AMENDMENT**

In conjunction with the matters considered herein, this Agreement contains the entire understanding and agreement of the parties and there have been no promises, representations, agreements, warranties or undertakings by any of the parties, either oral or written, of any character or nature hereafter binding except as set forth herein. ### STATEMENT OF WORK

#### **Phase 1—Ambulance Service RFP Development**

CONTRACTOR will submit a list requesting all documents relevant to this project, including prior studies, SBCEMSA documentation, revenues, data including (as available) response performance data, and other information. After receiving the requested documentation from the SBCEMSA, they will review it prior to conducting their interviews and meetings in the following subtask.

**Task 1. Kick Off Meetings.** Meetings are designed to review and finalize the work plan. Identify unique local procurement requirements/parameters. Key internal procurement stakeholders and consultants agree key steps/responsibilities. A listing of policy level issues to be addressed before or concurrent with the development of the RFP draft is to be determined. CONTRACTOR, as needed, will meet with key internal procurement stakeholders, consultants and the allied agencies to:

- Validate the information to be used from previous Fitch studies
- Refine input regarding the operational, clinical, and economic issues that need improvement
- Request data, where needed, to support the analysis of “stretch” changes and goals
- Review the project plan, schedule of input, and draft product reviews
- Receive additional input

At a minimum, the key internal procurement stakeholders, consultants and allied agencies’ input and mid-project briefing sessions should include the Local EMS Agency (LEMSA) / health agency staffs, hospital-based providers, current transport providers’ management and employee representatives, fire and police chiefs associations; the City Managers Association; the COUNTY Chief Executive Officer and Board of Supervisors, and the mayors of interested cities.

#### **Task 2. Develop Draft RFP.**

**2.1.** The comprehensive system specifications document is a key deliverable for the project. It embodies the clinical, operational, administrative oversight, and financial protection provisions for the community, which are, in essence, the detailed Agreement that the County will enter into with its provider. Typically, this document is 75-100 pages, single-spaced, depending on the community’s specific situation. There are usually 10-15 detailed county prepared attachments provided to assist potential bidders in conducting the research necessary to present a tightly defined cost proposal. This task anticipates opportunities for stakeholders to provide feedback and/or suggestions. This task involves the consultant preparing draft RFP documents, assisting the county preparing supporting attachments and outlining the rationale for specific language.

**2.2.** CONTRACTOR will conduct an operational and fiscal review briefing of the suggested key RFP elements for LEMSA and, as directed, other COUNTY executive offices. CONTRACTOR will provide support to the SBCEMSA to create the scope of services, required bidder format tools, operational and fiscal disclosures, bidding steps, and timelines and assessment methodologies necessary for the COUNTY’s production of the RFP, bidder materials, and evaluation process. This work will incorporate the needed standard terms from other COUNTY agencies, such as Purchasing and COUNTY Counsel. CONTRACTOR will offer improvements to link the RFP elements to desired system outcomes and economic performance indicators. CONTRACTOR will

also offer fiscally driven phases to the RFP, such as a robust fiscal pre-qualification round to qualify bidders to submit an operational and pricing proposal. The RFP will require very robust deployment and economic submittals that are not traditional but designed for the bidders to *prove they have a deployment plan, staffing, logistics, and headquarters services model that matches realistic economics and planned revenues and expenses.*

**Task 3. Revise RFP Language.** The development of a final document is an iterative process. This task anticipates several review and revision sessions between the Consultant team and key county staff to dialogue about specific language, features and requirements of the RFP, avoid unintended consequences and becomes an iterative process where knowledge transfer occurs. CONTRACTOR will brief the COUNTY on their findings of this review in a written format and then in monthly reports, as necessary, for documentation.

**Task 4. Develop Process and Timeline for Procurement.** During this phase process features and final timeframes are developed and validated. The end point of this phase is the final approval of the RFP documents and supporting attachment. CONTRACTOR will provide the COUNTY the process features and final timeframes in a written format and then in monthly reports, as necessary, for documentation.

## **Phase 2—RFP Release**

**Task 5. Develop Pre-Proposal Process.** Despite our collective best efforts there will be components of the RFP or the process that will need clarification or amplification. The pre-proposal process offers potential proposers the opportunity to have their questions answered in a professional manner. Tasks leading up to the Pre-proposal conference involve coordination with purchasing to determine how information can flow within the administrative procedures used by the County.

- Brief Stakeholders on Final RFP Elements: CONTRACTOR shall brief stakeholders in multiple sessions, that can be held on-site and/or virtually.
- Board of Supervisors RFP Presentation: CONTRACTOR shall attend Board of Supervisors meeting to assist with the presentation of the RFP prior to its release to the bidder community.
- Bidders' Pre-proposal Conference: CONTRACTOR shall attend on-site and/or virtual meetings for the bidders' Pre-proposal Conference at which CONTRACTOR will assist with bidder inquiries, RFP questions, and responses.

**Task 6. Assist County Answering Follow-up Questions.** Clear concise and timely answers are required to facilitate responses to the RFP. Appropriate documentation is required to avoid litigation. Questions and answers from the conference are typically disseminated to attendees and other organizations that have expressed interest in submitting proposals and are often posted on the County's web site to facilitate transparency of the process. CONTRACTOR will assist, as directed, at formal questioning and a bidders' conference, prepare written answers to questions submitted by bidders.

## **Phase 3—Selection and Contract**

**Task 7. Recruit Panel.** Panel members must have clear expertise and be objective. This task involves developing potential candidates, vetting panel members and working with the County to develop a balanced

multi-disciplined group that will have the confidence of elected officials when that body reviews the final recommendations. CONTRACTOR shall recommend a third-party EMS Systems Expert Panel to the EMS agency, coordinate the meeting of it, provide document control, and methods to provide fairness in all steps to all bidders. In addition:

- Assist the panel with the development of its recommendation report
- Assist the COUNTY with contract development and negotiations
- Be available, if necessary, to independently verify technical issues raised by COUNTY staff or the panel

**Task 8. Develop Panel Processes & Work Plan.** The process used by the panel has to clearly demonstrate the objectivity of the process. Scoring tools are developed. Panel members are trained to ensure questions asked are fair and yield information required to score each section. The panels' activities must be appropriately documented to ensure that its evaluation can withstand a protest or legal challenge. CONTRACTOR shall provide the COUNTY the process used by the panel for scoring in a written format and then in monthly reports, as necessary, for documentation.

**Task 9. Technical Assistance.** The panel may require technical assistance or a clarification during its deliberations as requested but consultant team members do not participate in the actual scoring of proposals. This task also involves the documentation contemplated to facilitate and support a final recommendation. CONTRACTOR shall provide the COUNTY updates on this process in a written format and then in monthly reports, as necessary, for documentation.

**Task 10. Contract Negotiations.** This involves the provision of technical assistance to the County with the negotiation of the ambulance service contract. While most of the definition of the agreement will occur during the drafting of the RFP and furthermore be defined by the proposal submitted by the selected ambulance service provider, details will need to be finalized and negotiated for inclusion in the final agreement. This will include a provision-by-provision review of the agreement to ensure that each party fully understands and agrees to the provisions. A review of the RFP and proposal will also occur in order to resolve any conflicts between the final agreement, RFP and proposal.

**10.1.** CONTRACTOR will leverage its knowledge of Santa Barbara COUNTY's EMS system and the technical RFP submittals to deeply probe the RFP respondents' operational and financial status. This will provide a comprehensive understanding of each bidder's operational services plan to operate a robust, humane, professional health care workforce, along with their financial status, including financial stability, liquidity (solvency), financial leverage (debt), asset efficiency (management or turnover) profitability, market value, accounts receivables management, and other financial and performance indicators. CONTRACTOR will brief the COUNTY on their findings of this review in a written format and then in monthly reports, as necessary, for documentation.

**Task 11. Presentations.** This task involves assistance preparing and supporting presentations for key county decision makers. CONTRACTOR shall assist the SBCEMSA with the reports and presentations to key county decision makers.

**Task 12. Additional Support.** Regular virtual progress meetings during the transition are included. CONTRACTOR shall assist COUNTY staff with final vendor implementation planning. CONTRACTOR shall assist COUNTY staff to brief allied agencies regarding the final contract and implementation steps. Additional on-site support during the transition and the coordination of the development of an EMS plan for the Santa Barbara County EMS area are not anticipated, and are available at the stipulated hourly rate, if requested.

**Phase 4—General Administration**

In addition to the monthly reporting to the COUNTY, CONTRACTOR will provide these general services as necessary:

- Assist with and attend specific policy and/or advisory committee meetings, including the Emergency Medical Advisory Committee and RFP Advisory Committee, to provide RFP development updates.
- Assist with and attend COUNTY Board of Supervisors meetings, as required.
- Support any interaction with the California Emergency Medical Services Authority (CA EMSA), as needed, regarding the ambulance service RFP and/or contract.

**Meeting and Briefings**

Based on the SARS-CoV-2 pandemic impacts to travel and gatherings, many of the below meetings will be held virtually. Given the fluid nature of the pandemic, travel is still included in the budget for each proposed on-site meeting. It is mutually understood that travel costs will not be billed if travel does not occur.

1. **Commercial General Liability (CGL):** Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products-completed operations, personal & advertising injury, with limits no less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate.
2. **Automobile Liability:** ISO Form Number CA 00 01 covering any auto (Code 1), or if CONTRACTOR has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limit no less than \$1,000,000 per accident for bodily injury and property damage.

General liability coverage can be provided in the form of an endorsement to the CONTRACTOR's insurance at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 if a later edition is used).
2. **Primary Coverage** – For any claims related to this Agreement, the CONTRACTOR's insurance coverage shall be primary insurance as respects the COUNTY, its officers, officials, employees, agents and volunteers. 5. **Deductibles and Self-Insured Retention** – Any deductibles or self-insured retentions must be declared to and approved by the COUNTY. The COUNTY reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

8. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, COUNTY has the right but not the obligation or duty to terminate the Agreement. Maintenance of required insurance coverage is a material element of the Agreement and failure to maintain or renew such coverage or to provide evidence of renewal may be treated by COUNTY as a material breach of contract.
9. **Subcontractors** – CONTRACTOR shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and CONTRACTOR shall ensure that COUNTY is an additional insured on insurance required from subcontractors.
10. **Claims Made Policies** – If any of the required policies provide coverage on a claims-made basis:

  - ii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of contract work.

11. **Special Risks or Circumstances** – COUNTY reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. CONTRACTOR agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of COUNTY to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of COUNTY.

Business Associate shall not disclose any Protected Information except as set forth in Sections 2.b. of this BAA [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this subparagraph shall survive the termination of this Agreement.

- j. **Governmental Access to Records.** Business Associate shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to Covered Entity and to the Secretary of the U.S. Department of Health and Human Services (Secretary) for purposes of determining Business Associate's compliance with the Privacy Rule [45 C.F.R. If the steps are unsuccessful, the Business Associate must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems, books, records, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, nor does Covered Entity's (i) failure to detect or (ii) detection, but failure to notify Business Associate or require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement rights under the Agreement or this BAA, Business Associate shall notify Covered Entity within ten (10) days of learning that Business Associate has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

- q. **Compliance with HIPAA Workforce Training.** As set forth in section 164.530 of 45 CFR Business Associate is expected to adhere to the Health Insurance Portability and Accountability Act (HIPAA) regulations to the extent necessary to comply with Covered Entity's legal obligations and to develop and maintain comprehensive consumer confidentiality policies and procedures, provide annual training of all affected staff regarding those policies and procedures including Security and Privacy safeguards, and demonstrate reasonable effort to secure written and/or electronic data to document the provision of such training and agrees to make available to the Covered Entity upon request. [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If Covered Entity elects destruction of the PHI, Business Associate shall certify in writing to Covered Entity that such PHI has been destroyed.
