I love living in the SYV. I've traveled extensively throughout the western states practicing architecture and have not found an area that compares to the SYV. The county has been able to keep over development in check creating a beautiful living environment that is truly unique. I would like to lend my experience in the field of architecture to help maintain the aesthetics and character of this beautiful valley.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

I have been in business and practicing architecture since 1984. I am presently licensed in the states of California, Nevada, Arizona, Oregon & Washington. My work experience has covered all types of projects from custom residential, apartment buildings, financial institutions, shopping centers, office buildings, churches, assisted living, motels and fast food.
