RE: Approval of Exclusive Franchise Agreement for Solid Waste Collection in Zone 4 & 5 Supervisory Districts 3, 4 & 5

Dear Chair Williams and Supervisors,

As a Third District Business and First District resident, I am writing in support of the County entering an exclusive contract for solid waste collection in Zone 4 & 5 with Marborg Industries.

The Camino Real Marketplace in Goleta is currently serviced by Marborg Industries for trash, recycling, and the food scrap collection service, and has been from the opening of the Camino Real Marketplace 25 plus years ago.

Camino Real Marketplace is one of the largest trash and recycling commercial accounts in Goleta. We have trash & recycling picked up 6 days a week. I can honestly say that the Marborg company is at the top of our vendors and service provider list. In addition to a flawless safety record on our property over the last 25 years we have never received a single complaint from a tenant or patron about Marborg services.

As an environmentally and socially responsible company we have relied on Marborg's experience and innovative practices to stay on the forefront of recycling and landfill diversion. In addition to Marborg's excellent service record, they have been a model of corporate responsibility in their support for the communities they serve, and their support for our non-profit community, local celebrations, and our schools.

In addition to their commercial service Marborg also provides trash, recycling, and green waste at my home. I am always impressed with their employees' commitment to customer service, and

7004 Marketplace Drive Goleta, CA 93117
(805) 685-3458 office
(805) 968-2290 fax

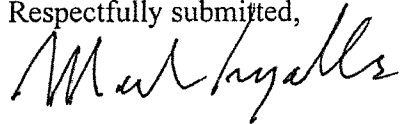

their commitment to mitigating the impact of the large service trucks they require on our residential streets and neighborhoods while providing their critical service.

As a community member and local business, for these reasons I am compelled to write this letter of support, not as a resident of the Fourth or Fifth zones, but as a customer with 25 years of service with the Marborg Company.

We should entrust the Marborg Company with this service contract given their track record.

Thank you in advance for your consideration.

Respectfully submitted,

Mark Ingalls,
Property Manager

Clerk of the Board and Supervisors,

Attached you will find a letter from a local resident in our County which falls within WM, Waste Management, service area. The customer has asked that I share their signed letter of support with you.

Thank you,
Luis Ramirez

Santa Barbara County Supervisors

Dear Board of Supervisors,

I am writing to express my strong desire to keep WM (Waste Management) as the waste management provider in Zones 4 and 5 of the County. The prospect of making a change would cause unnecessary disruption, considering WM's decades of excellent service.

WM has been an integral part of our community for many years, consistently providing reliable and efficient waste management services. Their extensive experience and expertise have proven invaluable in maintaining the cleanliness and sustainability of our county.

Changing waste management providers will lead to unnecessary complications and adjustments for local residents and for my business. WM's seamless operations and familiarity with the area ensure that waste collection and disposal services run smoothly, without interruption or inconvenience.

WM's professional staff, well-maintained and modern equipment, and commitment to environmental sustainability make them the ideal choice to serve our community effectively.

Thank you for your attention to this matter. I trust that you will consider the desires and concerns of residents who value the continuation of WM's outstanding service in our county.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Julian Ramirez', written in a cursive style.
