Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

My current role as a Planning Commissioner for the City of Lompoc goes hand in hand with the purpose of this commission. I want to enhance my skills and knowledge in analyzing the best fit for our communities within the County of Santa Barbara. I am a current Real Estate Broker, and I have come to appreciate the historical buildings in our community. I would like to partake in the continuance of preserving the historic and aesthetic character of these landmarks.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

I received a degree from Cal Poly, San Luis Obispo, in Business Administration, where I minored in Real Property Development. My minor included courses in the City & Regional Planning department. Those courses sparked my interest in community planning. It is also where I first became aware of the importance of conserving historical landmarks. My experience as a Planning Commissioner has given me the skills of reading and analyzing a range of documents for me to make the appropriate recommendations to our City Council. Being involved in Real Estate has allowed me to come across some of these historical buildings. In addition, I am a member of the Lompoc Valley Association of Realtors, the California Association of Realtors, and the National Association of Realtors. As a member of these associations, I can keep up to date with homeownership and property rights information.
