Sent on behalf of Supervisor Hartmann

Dear Clerk of Board:

Please include this list of my meetings with proponents of rezones related to this cycle of the County's RHNA. It is a lengthy list to recount in open session and I would like this list to be available for the public to see for this week's upcoming meetings. The policy of my office is to meet with whomever contacts us with an item that is before the Board or relevant to the Board's jurisdiction to the best of our ability to accommodate.
