Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I am interested in serving on the Women's Commission for the Fifth District because I am committed to advancing equity, amplifying women's voices, and addressing the challenges that impact women and families in our community. I bring experience in finance, business development, and community engagement, where I have supported women through financial literacy education, small business growth, and resource building. My background in collaboration and advocacy equips me to contribute effectively to the commission's mission and to help create meaningful opportunities for women in the Fifth District

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

My qualifications for serving on the Women's Commission for the Fifth District are rooted in 19 years of banking experience, along with a strong background in finance, business development, and community service. I have extensive experience providing financial literacy training and bookkeeping support to women entrepreneurs and families, helping them strengthen their economic stability and achieve long-term goals. Through workshops, collaborations with women's business centers, and one-on-one guidance, I have developed skills in education, mentorship, and advocacy. I also serve as Treasurer for the Rotary Club of South Santa Maria and Treasurer for the Econ Alliance, and I am an active member of the Chamber of Commerce—roles that demonstrate my leadership, financial management expertise, and commitment to community impact. In addition, my volunteer activities reflect a dedication to empowering women and uplifting underserved communities through access to resources, leadership opportunities, and financial knowledge. This combination of professional expertise, leadership training, and community engagement uniquely equips me to contribute to the commission's work in advancing equity and opportunity for women in the Fifth District.
