We Kent Lind and Betty Little residing at 418 Lemon Grove Ln. Montecito CA 93108

Parcel # 007-262-012 are opposed to the proposed work and equipment and maintenance of the sites –

# TSR25 and TSR26 Right-of- Way of Santa Rosa LN. (new node, new underground vault, new pole with pole mounted equipment).

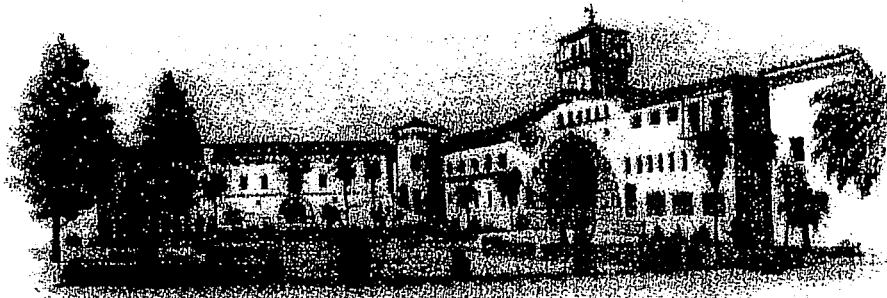

We are opposed for the following reasons

1. Unknown health issues relating to operation of these sites.
2. Very close proximity to the YMCA, Montecito Union School and Lower Manning Park which are highly used areas.
3. The work trucks, equipment trucks and maintenance trucks will add to and conflict with this highly trafficked residential area.

We support the denial of the case # 12 CUP-00000-00013 by the Montecito Planning Commission.

Respectfully

Kent Lind and Betty Little
