

# 3CE SERVICE OFFERINGS FOR MUNICIPAL ELECTRIC ACCOUNTS

---

Presentation to the County of Santa Barbara Board of Supervisors

December 8, 2020

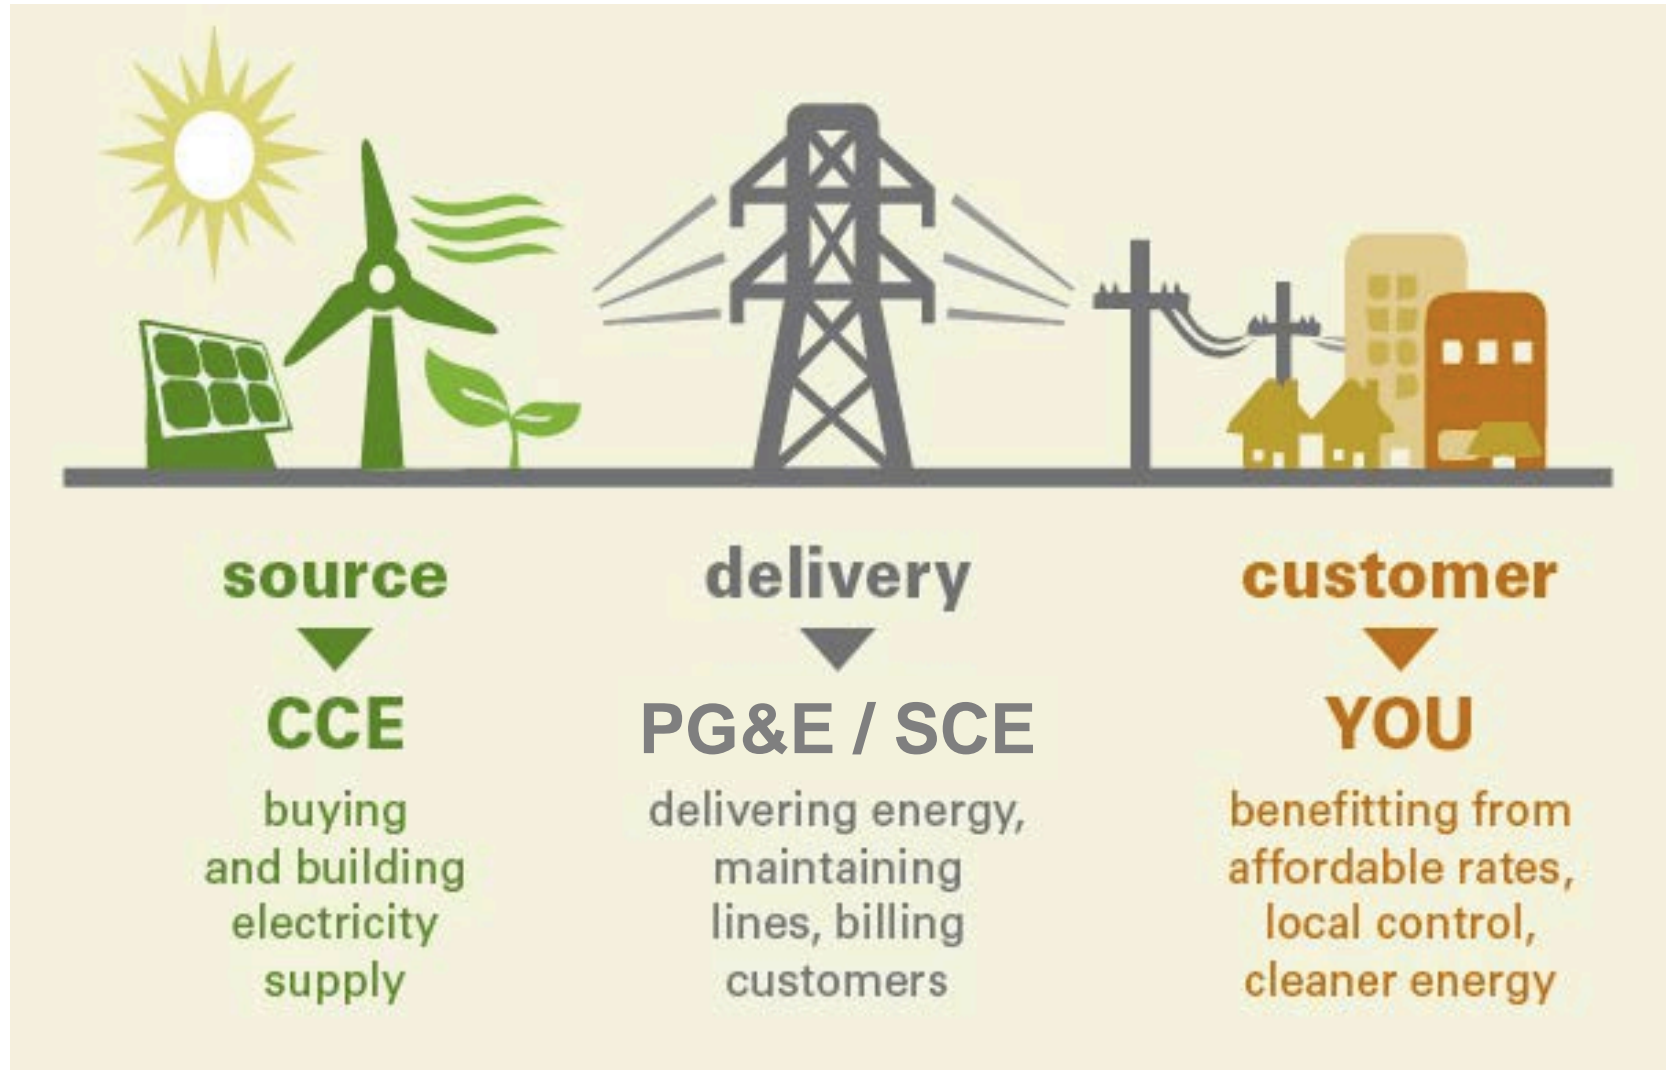

One County. One Future.

# Agenda

- CCE and 3CE Background
- 3CE Service Offerings
- Board Direction

# CCE Background

# 3CE Updated Procurement Strategy

- New Clean and Renewable Resources
  - 60% RPS Renewable by 2025
  - 100% RPS Renewable by 2030
- Long term PPAs for new projects
- Increased GHG reductions
- Exploring options for local generation.

# 3CE Service Offerings

- Default service offering
- 35-40% renewables at launch
- 60% Clean & Renewable by 2025; 100% by 2030
- 2% discount (PG&E); Rate parity (SCE)

- \$0.008/kWh more 3Cchoice
- 100% Renewables at launch

# Options for Board Consideration

**Option 1.** Enroll County municipal electric accounts into 3Cchoice, 3CE's default service offering.

- 35-40% renewables at launch
- 60% Clean & Renewable by 2025; 100% by 2030
- 2% discount (PG&E); Rate parity (SCE)

# Options for Board Consideration

**Option 2.** Enroll County municipal electric accounts into 3Cprime, 3CE's 100% renewable service offering.

- 100% renewables at launch
- Increased costs of approximate \$77K annually
- Additional GHG emission reduction through purchase of RECs
- Will not result in new clean or renewable energy projects

# Options for Board Consideration

**Option 3.** Enroll County municipal electric accounts into 3Cchoice, 3CE's default service offering and direct Staff to return to the Board during the FY21-22 budget process with a budget expansion request to allocate funds towards renewable energy or battery projects.

- 35-40% renewables at launch
- 60% Clean & Renewable by 2025; 100% by 2030
- 2% discount (PG&E); Rate parity (SCE)
- Funding for local battery or renewable energy projects

## Recommended Action

- Receive and file an update on 3CE's CCE program;
- Provide staff with direction regarding the following options:
  - Option 1. Enroll county accounts into 3Cchoice;
  - Option 2. Enroll county accounts into 3Cprime;
  - Option 3. Enroll county accounts into 3Cchoice and direct Staff to return to the Board during the FY21-22 budget process with a budget expansion request to allocate funds towards renewable energy or battery projects.
- Determine that the above recommended actions do not constitute a project subject to environmental review under CEQA.
