Another Voice to Protect Chaparral

Dear County Supervisors,

I support the EGVCP. I treasure our chaparral and the many rare plant and wildlife species that live there. Chaparral protects our watersheds, forms the scenic backdrop that makes our community picturesque, offers great recreational opportunities, and controls erosion, landslides, and flooding.

Please:

- Designate **all** chaparral in the Goleta Plan area as ESH pursuant to the Planning Commission's recommendation, and reject planning staff's changes which minimize chaparral protection;
- Close the loophole in the ESH Ordinance;
- Map all ESH; and
- Increase the creek setback from 50 feet to 100 feet to match the City of Goleta's setback.

Sincerely,

Grayson Riggan

Another Voice to Protect Chaparral

Dear County Supervisors,

I support the EGVCP. I treasure our chaparral and the many rare plant and wildlife species that live there. Chaparral protects our watersheds, forms the scenic backdrop that makes our community picturesque, offers great recreational opportunities, and controls erosion, landslides, and flooding.

Please:

- Designate all chaparral in the Goleta Plan area as ESH pursuant to the Planning Commission's recommendation, and reject planning staff's changes which minimize chaparral protection;
- Close the loophole in the ESH Ordinance;
- Map all ESH; and
- Increase the creek setback from 50 feet to 100 feet to match the City of Goleta's setback.

Sincerely,

Rosalie Fatta
