Board of Supervisors,

As an Orcutt resident I show my support for Supervisor Nelson's proposal to establish a team to discuss the Richards Ranch annexation issues. The annexation and water issues need to be resolved before Orcutt residents can decide if and how they might enter into self governance.

I ask for you to help this growing community by authorizing Supervisor Nelson to proceed with his proposal.

Sincerely,
Rey Monge
Orcutt

Sent from my iPad I am sending this message because I can't be at the next meeting. I oppose the an annexation of the Richards Ranch property by Santa Maria. This piece of property is right in the middle of Orcutt and would basically divide Orcutt into two parts. Very few people that I know think this is a good idea. The city does not have the residents of Orcutt quality of life in mind. That development is going to make the traffic much worse and make our neighborhoods much less safe. I have lived in the same house in Orcutt for 35 years and strongly oppose the annexation of this property by the city of Santa Maria.

To the Board of Supervisors -- I am strongly requesting that you unanimously support the recommendations by Supervisor Bob Nelson to send a letter to the Santa Maria City Council requesting a 90-day postponement on the decision to Annex Key Site 26/Richard's Ranch and engage with County representatives on this project.

As an Orcutt resident and member of a group that has tracked this project since the first community meeting, I urge you to work with the City of Santa Maria on a plan that will result in the City and County working together to make this project a reality while keeping the land within the County.

There are many potential benefits with this development and it's imperative that the land stay within the County and the development addresses the concerns of Orcutt residents. We are not opposed but want to have our voices held. Thank you.

Pam Gates
Orcutt Resident

Subject: I support Bob Nelson's suggestion to delay the decision on Key Site 26 annexation.

Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.

Board Supervisors: recently, Bob Nelson has suggested the decision on the annexation of Key Site 26/ Richards Ranch by the city of Santa Maria be delayed for 90 days. This suggestion makes sense to me, and I urge you to support Bob. I'm impressed by how he is taking a practical and careful approach to what is an important step in the development of the area in which I live.

Although I understand the need to develop this land, I want that development to be handled by those of us who live in that neighborhood. Please, support Bob in his efforts. Thank you.
