CLERK OF THE  
BOARD OF SUPERVISORS

To Laguna Co Sanitation

Clerk of the Board re: proposed increase charge.

I protest this increase action as a property owner in Laguna Co Sanitation district.

The increase is proposed for a years term but we all know there will not be a decrease proposed in the following year -

With a \$ 45.00 increase charge to 60,000

households for a year thats a total

of \$2,700,000. There should be a fund

savings for plant upgrades collected over

cash years, not just one and pass the cost on to the residents to pay!
