**Subject:** Treatment Beds Not Jail Cel

To the Board of Supervisors:

Regarding the Families Act Letter, which you have received, I urge you, one and all, to not vote for another expensive addition of jail cells but rather consider actually helping the people of this community by providing desperately needed treatment beds for our community members who have serious mental health issues. TREATMENT IS THE ANSWER, NOT JAIL. RECOVERY IS THE PATH, NOT THE REVOLVING DOOR AND ISOLATION.

Respectfully submitted,
