NOTICE

Each project applicant shall remit to the county clerk the environmental filing fee before or at the time of filing a Notice of Determination (Pub. Resources Code, § 21152; Fish & G. Code, § 711.4, subdivision (d); Cal. Code Regs., tit. 14, § 753.5). COUNTY DOCUMENTARY HANDLING FEE

The county clerk may charge a documentary handling fee of fifty dollars (\$50) per filing in addition to the environmental filing fee (Fish & G. Code, § 711.4, subd. (e); Cal. Code Regs., tit. 14, § 753.5, subd. (g)(1)). A county board of supervisors shall have the authority to increase or decrease the fee or charge, that is otherwise authorized to be levied by another provision of law, in the amount reasonably necessary to recover the cost of providing any product or service or the cost of enforcing any regulation for which the fee or charge is levied (Gov. Code, § 54985, subd. (a)).

COLLECTION PROCEDURES FOR COUNTY GOVERNMENTS

Filing Notice of Determination (NOD):

- Collect environmental filing fee or copy of previously issued cash receipt. *(Do not collect fee if project applicant presents a No Effect Determination signed by CDFW. - Attach copy of cash receipt and, if applicable, previously issued cash receipt, to NOD.
- Mail filing fees for CRP document to CDFW prior to filing the NOD or equivalent final approval (Cal. Code Regs. Tit. 14, § 753.5 (b)(5)). The CRP should request receipt from CDFW to show proof of payment for filing the NOD or equivalent approval. Please mail payment to address below made attention to the Cash Receipts Unit of the Accounting Services Branch.

If the project applicant presents a **No Effect Determination** signed by CDFW, also:

- Attach No Effect Determination to NOD *(no environmental filing fee is due)*.

- Attach copy of cash receipt to NOE *(no environmental filing fee is due)*.

Within 30 days after the end of each month in which the environmental filing fees are collected, each county shall summarize and record the amount collected on the monthly State of California Form No. CA25 (TC31) and remit the amount collected to the State Treasurer. Identify the remittance on Form No. CA25 as "Environmental Document Filing Fees" per Fish and Game Code section 711.4.

The county clerk shall mail the following documents to CDFW on a monthly basis:

- ✓ A photocopy of the monthly State of California Form No. CA25 (TC31)

PROJECT APPLICANT: G&K Farms, LLC

PROJECT LOCATION: The Project is located on a 14.66-acre property, zoned AG-I-10 and shown as Assessor's Parcel Number 005-280-040, located at 3561 Foothill Road, Carpinteria, 1st Supervisorial District, Santa Barbara County.

PROGRAM EIR PROJECT DESCRIPTION (SUMMARY): Consistent with state law, Cannabis Land Use Ordinances would regulated cannabis activities within the unincorporated County. The Cannabis Land Use Ordinances are intended to balance the diverse demands for cannabis products with the public health, safety, and welfare of the community through the enactment of strong and effective regulatory and enforcement controls. The Cannabis Land Use Ordinances would regulated how, where, and how much cannabis and cannabis products may be cultivated, processed, manufactured, tested, distributed, and sold while protecting the environment, neighborhood character, and quality of life for people and communities.

SPECIFIC PROJECT DESCRIPTION: The Proposed Project is a request for a Conditional Use Permit (Case No. 19CUP-00000-00062), a Development Plan Amendment to 82-DP-30 (Case No. 20AMD-00000-00003), and a Coastal Development Permit (Case No. 19CDP-00000-00157) to allow for the construction of a new 25,418-square-foot, 25-foot-tall cannabis processing building and a detention basin to capture run-off from the structure.

The site is currently developed with five existing greenhouses permitted under the original Development Plan, Case No. 82-DP-30, and one existing warehouse, which was permitted under a Modification to the Development Plan, Case No. 86-M-4. Of the existing 379,757 square feet of development, 356,070 square feet is currently used for cannabis cultivation as approved by Coastal Development Permit, Case No. 18CDP-00000-00077. The proposed processing building will be used for the storage, drying, trimming, and packaging of cannabis grown both on-site and off-site. Up to 50% of the product processed in the proposed processing building will be grown off-site. Proposed grading for the Project includes 1,400 cu. yd. of cut and 1,000 cu. yd. of fill. Other site improvements required include storm water detention and a septic system. No vegetation or trees are proposed for removal.

External lighting will be provided by sixteen wall-mounted full cut-off LED motion detector lights on the east, north, and west sides of the proposed building near doorways. The proposed building includes carbon filters in all processing areas, air curtains on exterior doors, spray insulation within the building, and negative pressure throughout the building to reduce fugitive odors. Existing landscaping along Foothill Road screens the Proposed

Project from view. Two chillers associated with the HVAC system will be installed adjacent to the proposed building. Ten 3,450-gallon water tanks will also be installed.

The proposed cannabis processing building would add up to 50 new full-time year-round employees, for a maximum of 80 full-time year round employees for the entire cannabis operation the property. The Proposed Project will add 18 parking spots, including two ADA spots, and stripe the existing parking area, for a total of 54 parking spots. The operator will lease at least one 15-passenger van through CalVans (or a similar third party company) to provide daily roundtrip weekday vanpool transportation for employees commuting from Ventura County to the Project site for the life of the Project. All employee parking will be on-site and no employee parking on public roads is allowed.

The hours of operation for the processing building will be 6:00 am to 3:30 pm, seven days a week. Two emergency generators will be installed for backup power in case of an outage. Water for the processing building and all domestic uses on-site will be provided by the Carpinteria Valley Water District. The proposed processing building will contain two restroom areas for the use of employees. Wastewater treatment will be handled by a new septic system. Primary access to the site will continue to be provided through an existing easement on the neighboring parcel to the west (APN 005-280-015), which connects to Via Real. The property is a 14.66-acre parcel zoned AG-I-10, shown as Assessor's Parcel Number 005-280-040, and addressed as 3561 Foothill Road in the Toro Canyon Community Plan area, First Supervisorial District.

On February 6, 2018, the County of Santa Barbara Board of Supervisors, as lead agency, approved and certified the final Program Environmental Impact Report for the Cannabis Land Use Ordinances (17EIR-00000-00003, RV01; SCH Number 2017071016), and made the following determinations regarding the Cannabis Land Use Ordinances:

1. An Environmental Impact Report was prepared for this Project pursuant to the provisions of CEQA.
2. The Project will have a significant effect on the environment.
3. Mitigation measures (i.e., development standards set forth in the ordinance amendments) were incorporated into the Project, as part of the approval of the Project.
4. A mitigation reporting or monitoring plan was adopted for the Project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.
7. A portion of the Project did require discretionary approval from the California Coastal Commission.

The final Program EIR, including one EIR Revision Letter (RV01) with comments and responses, and record of project approval for the Cannabis Land Use Ordinances are available to the general public at:

- Santa Barbara County Planning and Development: 123 East Anapamu St. Santa Barbara, CA 93101; and
- Online at <http://cannabis.countyofsb.org/zones.sbc>

On March 1, 2022, the Santa Barbara County Board of Supervisors approved the above described Conditional Use Permit, Development Plan Amendment, and Coastal Development Permit (Case Nos. 19CUP-00000-00062, 20AMD-00000-00003, and 19CDP-00000-00157) and made the following determinations regarding the Project:

1. A Program EIR was previously certified for the Cannabis Land Use Ordinances and is used as the basis for this approval.
2. Findings and a statement of overriding consideration were previously adopted for the Cannabis Land Use Ordinances.
3. The Board used a written checklist pursuant to CEQA Guidelines Section 15168(c)(4) to document the evaluation of the Conditional Use Permit, Development Plan Amendment, and Coastal Development Permit.
4. The Conditional Use Permit, Development Plan Amendment, and Coastal Development Permit incorporate all applicable mitigation measures from the Program EIR.
5. The Conditional Use Permit, Development Plan Amendment, and Coastal Development Permit would not have effects that were not examined in the Program EIR and pursuant to CEQA Guidelines Section 15162, no additional environmental review is required.
6. All of the environmental impacts of the Conditional Use Permit, Development Plan Amendment, and Coastal Development Permit are within the scope of the Program EIR and a subsequent environmental document is not required to evaluate the environmental impacts of the proposed commercial cannabis operation.

The Findings, CEQA Determination, CEQA Checklist, and record of project approval for the G&K Cannabis Processing Building Project are available to the general public at:

- Santa Barbara County Planning and Development: 123 East Anapamu St. Santa Barbara, CA 93101; and
