

FOURTH AMENDMENT TO MEDI-CAL PHYSICIAN SERVICES PROVIDER AGREEMENT, FEDERALLY QUALIFIED HEALTH CENTER

This Fourth Amendment to the Medi-Cal Physician Services Provider Agreement, Federally Qualified Health Center ("Fourth Amendment") is made between the **Santa Barbara San Luis Obispo Regional Health Authority**, dba CenCal Health, a body corporate and politic, hereinafter referred to as "CenCal Health", and the **County of Santa Barbara**, an organization approved by the State Department of Health Care Services as a Federally Qualified Health Center (hereinafter referred to as "County"). (County and CenCal Health are jointly "the parties").

RECITALS

- A. CenCal Health and County entered into the Medi-Cal Physician Services Provider Agreement, Federally Qualified Health Center ("Agreement") effective January 1, 2012 through December 31, 2017.
- B. Under the Affordable Care Act, there has been a significant expansion in the number of people eligible for Medi-Cal. Newly eligible individuals include adults between the ages of nineteen (19) and sixty-five (65) with incomes below one hundred thirty-eight percent (138%) of the federal poverty level. For purposes of this Fourth Amendment, these individuals are referred to as "Expansion Members" as defined below.
- C. Expansion Members are likely to have been previously uninsured and therefore unfamiliar with the local healthcare system, and have had limited, if any, access to preventive and ongoing care. Expansion Members may have a high incidence of chronic disease and may be accustomed to seeking care in hospital emergency departments.
- D. CenCal Health has developed a Medi-Cal Access and Coordination Expansion ("ACE") Program to engage key healthcare providers in addressing the identified and anticipated healthcare needs of the Expansion Members. The ACE Program recognizes the benefits of services such as enhanced care coordination, home health visits and follow-up calls, medication management, readmission avoidance, health education and collaboration with community social service resources.
- E. Certain Federally Qualified Health Centers, including County, have expressed a desire to provide and have provided these Enhanced Services to Expansion Members. As part of the ACE Program, CenCal Health has offered to incentivize County for the Expansion Members in consideration of specific services that County will and has provided to them during the ACE Program period, as described below.
- F. This Fourth Amendment incorporates the terms and conditions set forth in the Agreement and all Amendments approved by the County of Santa Barbara and CenCal Health.

NOW, THEREFORE, the parties agree as follows:
