Summary Text:

At the Planning Commission hearing of November 12, 2008, the Commission voted unanimously to take action as stated above. The Planning Commission's November 12, 2008 Action Letter is included as Attachment E of this Board Letter, and the October 22, 2008 staff report is included as Attachment H of this Board Letter.

The new prime agricultural preserve (08AGP-00000-00038) will consist of 154.5 acres used for vegetable crops. The property is currently zoned 100-AG under Ordinance 661, and is proposed to be rezoned to AG-II-100 under the Land Use and Development Code. On November 7, 2008 the Agricultural Preserve Advisory Committee recommended approval of the Agricultural Preserve Contract and a Rezone for the proposed project and found the project consistent with the Uniform Rules.

Background:

Government Code §51200 (known as the California Land Conservation Act of 1965 or the Williamson Act) provides that local jurisdictions may establish an agricultural preserve program having the goal of retaining land in an agricultural use. The County of Santa Barbara has adopted such a program which is codified under the Agricultural Preserve Program Uniform Rules. Both the County's Uniform Rules and the Government Code provide that agricultural preserve contracts between the County and landowners are voluntary. Therefore, there are no state mandates associated with this program.

Government Code §658565 requires that upon receipt of an affirmative recommendation of the Planning Commission on a proposed rezoning, the legislative body shall hold a public hearing on the matter.

Fiscal and Facilities Impacts:

Budgeted: Yes

Fiscal Analysis:

There are no fees associated with new contracts. The cost for the contract review and preparation of this report is estimated to be \$1000.00, and is budgeted in the Permitting & Compliance Program of the Development Review, North Division on Page D-305 of the adopted 2008– 2009 fiscal year budget.
