**Subject:** support for moratorium on renovictions

**Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.**

I am a small landlord in Santa Barbara, and I strongly support a moratorium on renovictions! It is a privilege to own property in this county. And that comes with responsibility. We need to support the tenants. With our extreme shortage of available housing, there is no justification for renovictions.

In addition, we need an improved housing policy in place, for when the moratorium ends, that will guarantee tenants the option to re-rent, at same rate. We can, and we must, do better.

- Michal Lynch, Santa Barbara resident

**Subject:** Deny Exxon trucking project - Upcoming Board of Supervisors Meeting

Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.

Dear Santa Barbara County Board of Supervisors,

I urge you to deny this dangerous project as recommended by the Santa Barbara Planning Commission.

In addition to the significant and unavoidable risks of spills from trucking the oil, the purported benefit of producing oil from the offshore platforms and processing it on the Gaviota coast would bring with it unacceptable risks of offshore oil spills, air pollution and toxic fire and smoke risks that were not analyzed in the EIR, which focused narrowly on trucking impacts.

The recent oil spill off of Orange County underlines the severity of these risks. In addition, ExxonMobil's facilities were the largest sources of air pollution in the county and contained dangerous and toxic materials in an area that has burned by wildfire twice in the 6 years since the facilities have been shut down. We were fortunate that oil and dangerous gases were not present at the site during the recent Alisal fire, which burned onto ExxonMobil's property.

It is not just that the trucking routes are along sections of road with above average accident rates, there have been specific and recent instances of oil tankers on this route spilling oil into rivers and starting fires. In fact, on October 11 -- the same day as the Alisal fire -- an oil tanker crash near Orcutt caused a fire in Eucalyptus trees.

Thank you for denying this dangerous and unacceptable oil trucking project.

Sincerely,

Tim Maurer

**Subject:** Patent land

Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.

What about the land confirmed in US land patent....? MMIP "missing heirs of this Pueblo in intellectual sovereign title." This is not all American land. This land is not conquered. Frauds by "Kellogg, Hollister, Hope, Warren, all bad actors in a sovereign district (on all maps) upheld by all laws but erasure is real, because Santa Barbara is a US confirmed Reservation. These facts are on the record and the heirs are illegally displaced by the fraud that is ongoing by this body.

The Santa Barbara Pueblo reservation is not a camp. Chumash is not a tribal name it means "protected" the fact is this is a very real, protected territory with missing Native American or (protected people) and these are their only resources. It is now time to correct and repair these criminal violations of civil and moral law. The heirs to of the intellectual native founders, and progenitor of California are still here. Facts are going to be respected. Get on board because these unconstitutional takings are crimes against humanity. This is a very real ongoing gaslight of civilized reasonable people. Hitler learned his ways from this fraud... ethnic whitewashing of a confirmed protected archipelago And First Nation realm or refuge. Erasure of Santa Barbara factual history is ongoing and perpetually protected by fake news.

End the erasure.

Law of the

Land is sovereign in Santa Barbara by confirmed documented diplomatic titles.

Thank you,  
Sadie Stern

**Subject:** Vote YES on strong ordinance for tenants

**Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.**

Dear Supervisors:

Please vote to pass an ordinance with strong protections for tenants against renovictions and other pretextual evictions by landlords.

Thanks.

John E. Douglas  
Santa Barbara
