To add to my previous comment submitted earlier on 11/13/25, the purpose of any FTO trafficker providing their victims with subsidized healthcare benefits has no humanitarian basis. The purpose for the FTO trafficker providing those benefits to their victims is so the victim's health care is paid for by the taxpayer, with no cost to the FTO trafficker. This follows the concept, practiced by many, of privatizing the profit while socializing the cost.
