To the Board of Supervisors: No new permits for the growing or processing of cannabis should be issued unless the permit seeker can demonstrate that he can protect the rest of us from the vile, skunk like odor which endangers our quality of life and property values.

George Zwerdling  
Carpinteria

PLEASE READ THIS INTO THE RECORD:

I am a homeowner at 3236 Beach Club Road in Carpinteria, CA 93013 and want you all to know how upset and concerned I am about the cannabis growers in Carpinteria. The odor and fumes not only make me and my wife nauseous but they are creating problems for my lifelong asthma which is severe and the whole reason we moved to be by the sea here.

Thank you.

Adam Peck

ROBIN & BOB FELL  
2709 VISTA OCEANO LANE  
SUMMERLAND, CA 93067

We wish to express our **SERIOUS** concerns about the Cannibas operation in Carpinteria. We find ourselves driving south for dinner (to Carp) and upon smelling the "skunk" odor en route, we turn around and go north to seek another eatery. This has happened too many times, a **FACTUAL REALITY**.

The beauty of Carpinteria is its beaches, manse agriculture and the enjoyment of outdoor living. Our family encourages **THE BOARD OF SUPERVISORS** to please require a CUP for Cannibas growers to ensure the beauty, tranquility and clean air of Carpinteria is preserved. That will provide a **WIN WIN** for the Cannibas growers to produce responsibly, and the community to live in peace.

With appreciation,

Robin Fell and Family
