Hello Board of Supervisors,

I would like the Board to Supervisor's to ensure our Sheriff is following the guidelines of SB54 Truth Act and not collaborating with ICE in any way. We continue to get reports that family members from Santa Barbara County have been deported through ICE in connection to the jail. This is a violation of the Truth Act.

We look to you to hold the Sheriff accountable. Please ensure that ICE has no access to our SB County jail data.

Thanks,

Kym Paszkeicz
