Client Relations Coordinator - Impact Family Office

Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I am interested in serving on the Commission of Women because I am highly aligned with its mission and purpose. Growing up in an immigrant family within an underprivileged community in Oakland, CA, gave me deep insight and firsthand experience of the issues that plague women's equity and safety. As a professional in the finance industry, I continue to see economic and workplace inequities for women across all industries. My experiences have given me the desire to seek outlets to support, educate, and engage women of all ages in financial literacy and investment acumen. I want to offer my unique personal and professional experiences to influence public policies so that women's basic needs of health and safety are met, and their focus can be diverted towards advancement and equity.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

My graduate degree in Social Entrepreneurship taught me how to bridge the business sector with the government and social sectors. I've been trained to identify issues within a community by engaging with select populations in meaningful conversations and tailoring solutions to fit their needs. My participation in the Leading from Within's Katherine Harvey Fellows program has inspired and empowered me as a leader in the community. Bringing together people from the government, non-profit and private sectors, has given me a lens to navigate Santa Barbara's unique ecosystem and gives me hope that we can work together to impact systems change. I have held the following volunteer leadership roles in my former community. I was a Read to a Child Program Lead where I partnered with the Read to a Child National Program and Tenth Street Elementary School in Downtown Los Angeles to lead 40 professional volunteers each year in their bi-weekly commitments to serve as mentors and read to their elementary student buddy. I also coordinated events with the Read to the Child program including the annual literacy benefit for the Los Angeles area. I was the co-lead in planning the Junior Achievement Finance Park Day program to teach financial literacy, this involved 30+ volunteers and 150+ student participants.
