- B. Designate and authorize the Public Works director to act on the County's behalf as the DBE Liaison Officer for the Disadvantaged Business Enterprise (DBE) Program, to negotiate and execute all documents pertaining to DBE program to the extent permitted by law.

Alignment with Board Strategic Plan:

The recommendation(s) are primarily aligned with Goal No.1. An Efficient Government Able to Respond Effectively to the Needs of the Community.

Executive Summary and Discussion:

Each year the County of Santa Barbara is required to adopt a Disadvantaged Business Enterprise (DBE) Program for projects utilizing Federal-aid highway funds.

There are several allowable methods for determining an agency's DBE goal. Most of the agencies develop their goal based on the availability of DBE's in the their local markets. The County of Santa Barbara has chosen the above mentioned method as well. We've calculated our weighted base figure by determining the number of ready, willing and able DBEs on the FY 2001/02 Bidders List by work category, and then dividing the number of DBEs by the total number of firms in the same work category. By using this method,

the County of Santa Barbara can measure availability by the number of firms that have directly participated in, or attempted to participate in the County of Santa Barbara's D O T-assisted contracting in FY 2001/02. By utilizing this formula the Department has set an overall annual DBE goal of 14.8% for Fiscal Year 2002/03.

The Public Works Department published a public notice in the Santa Maria Times, Santa Barbara Newspress and the Public Works Web page in accordance with Section XIV of the DBE Program. The notice was published on October 21, 2002, and the public comment period ended November 25, 2002. There were no public comments received by either the County or Caltrans District 5.

For the FFY 2002/03 the Department has programmed expenditures of \$12.5 million of Federal Aid Funding. To maintain our federal aid funding eligibility it is necessary that the County's FFY 2002/03 DBE Program with "established" Overall Annual DBE Goal of 14.8%, proof of publication, summary of the public participation process and comments be submitted to Caltrans. Your Boards approval today will be the final step required to finalize the County to continue receiving federal project reimbursement.
