Hello Supervisor Capps:

I am writing to ask you to reconsider cuts to Emergency Services. As I am sure you are aware it is the responsibility of the County to protect citizens.

As a senior citizen there might be emergencies when I have to rely on County Services to protect me. For over 25 years I have lived in the county as an independent resident paying all my taxes but I have only needed emergency services in one or twice. So I hope that when I do need help it will be available.

Perhaps you could consider only a slight reduction in services rather than the proposed 25%.

Thank you for your time.
