CONGREGATION of GOLETA

Board of Supervisors
Santa Barbara County
105 E. Anapamu Street #406
Santa Barbara, CA 93101

Dear Supervisors,

The **Social Justice Ministry** of the *Live Oak Unitarian Universalist Congregation* of Goleta, CA opposes any and all applications to restart oil drilling in the channel. The Sable Pipeline request to take over permits for on a pipeline that currently carries no oil (following the terrible spill at Refugio) is a blatant attempt to make this pipeline operational again. We fully support the Coastal Commission as it tries to stop work being done without proper permits. and we stand with the EDC in its efforts to preserve our coast. Opening this pipeline that will surely create another spill violates our religious principle: Respect for the interdependent web, of which we are a part.

Stand Up. Don't enable Sable!

**PLEASE do more to protect our planet from the worst consequences of climate change!
Please stop the Sable Pipeline restart.**

Actions we take – or fail to take – today will determine whether our grandchildren inherit a habitable planet.

Most Respectfully,
Carolyn Chaney, on behalf of
