6. INDEPENDENT CONTRACTOR

It is mutually understood and agreed that CONTRACTOR (including any and all of its officers, agents, and employees), shall perform all of its services under this Agreement as an independent contractor as to COUNTY and not as an officer, agent, servant, employee, joint venturer, partner, or associate of COUNTY. Furthermore, COUNTY shall have no right to control, supervise, or direct the manner or method by which CONTRACTOR shall perform its work and function. However, COUNTY shall retain the right to administer this Agreement so as to verify that CONTRACTOR is performing its obligations in accordance with the terms and conditions hereof. CONTRACTOR understands and acknowledges that it shall not be entitled to any of the benefits of a COUNTY employee, including but not limited to vacation, sick leave, administrative leave, health insurance, disability insurance, retirement, unemployment insurance, workers' compensation and protection of tenure. CONTRACTOR shall be solely liable and responsible for providing to, or on behalf of, its employees all legally-required employee benefits. In addition, CONTRACTOR shall be solely responsible and save COUNTY harmless from all matters relating to payment of CONTRACTOR's employees, including compliance with Social Security withholding and all other regulations governing such matters. It is acknowledged that during the term of this Agreement, CONTRACTOR may be providing services to others unrelated to the COUNTY or to this Agreement.

7. STANDARD OF PERFORMANCE

CONTRACTOR represents that it has the skills, expertise, and licenses/permits necessary to perform the services required under this Agreement. Accordingly, CONTRACTOR shall perform all such services in the manner and according to the standards observed by a competent practitioner of the same profession in which CONTRACTOR is engaged. 8. DEBARMENT AND SUSPENSION

CONTRACTOR certifies to COUNTY that it and its employees and principals are not debarred, suspended, or otherwise excluded from or ineligible for, participation in federal, state, or county government contracts. CONTRACTOR certifies that it shall not contract with a subcontractor that is so debarred or suspended.

9. TAXES

CONTRACTOR shall pay all taxes, levies, duties, and assessments of every nature due in connection with any work under this Agreement and shall make any and all payroll deductions required by law. COUNTY shall not be responsible for paying any taxes on CONTRACTOR's behalf, and should COUNTY be required to do so by state, federal, or local taxing agencies, CONTRACTOR agrees to promptly reimburse COUNTY for the full value of such paid taxes plus interest and penalty, if any. These taxes shall include, but not be limited to, the following: FICA (Social Security), unemployment insurance contributions, income tax, disability insurance, and workers' compensation insurance.

10. CONFLICT OF INTEREST

CONTRACTOR covenants that CONTRACTOR presently has no employment or interest and shall not acquire any employment or interest, direct or indirect, including any interest in any business, property, or source of income, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement, no person having any such interest shall be employed by CONTRACTOR. CONTRACTOR must promptly disclose to COUNTY, in writing, any potential conflict of interest. COUNTY retains the right to waive a conflict of interest disclosed by CONTRACTOR if COUNTY determines it to be immaterial, and such waiver is only effective if provided by COUNTY to CONTRACTOR in writing.

11. OWNERSHIP OF DOCUMENTS AND INTELLECTUAL PROPERTY

COUNTY shall be the owner of the following items incidental to this Agreement upon production, whether or not completed: all data collected, all documents of any type whatsoever, all photos, designs, sound or audiovisual recordings, software code, inventions, technologies, and other materials, and any material necessary for the practical use of such items, from the time of collection and/or production whether or not performance under this Agreement is completed or terminated prior to completion. CONTRACTOR shall not release any of such items to other parties except after prior written approval of COUNTY.

Unless otherwise specified in Exhibit A, CONTRACTOR hereby assigns to COUNTY all copyright, patent, and other intellectual property and proprietary rights to all data, documents, reports, photos, designs, sound or audiovisual recordings, software code, inventions, technologies, and other materials prepared or provided by CONTRACTOR pursuant to this Agreement (collectively referred to as "Copyrightable Works and Inventions"). COUNTY shall have the unrestricted authority to copy, adapt, perform, display, publish, disclose, distribute, create derivative works from, and otherwise use in whole or in part, any Copyrightable Works and Inventions. CONTRACTOR agrees to take such actions and execute and deliver such documents as may be needed to validate, protect and confirm the rights and assignments provided hereunder. CONTRACTOR warrants that any Copyrightable Works and Inventions and other items provided under this Agreement will not infringe upon any intellectual property or proprietary rights of any third party. CONTRACTOR at its own expense shall defend, indemnify, and hold harmless COUNTY against any claim that any Copyrightable Works or Inventions or other items provided by CONTRACTOR hereunder infringe upon intellectual or other proprietary rights of a third party, and CONTRACTOR shall pay any damages, costs, settlement amounts, and fees (including attorneys' fees) that may be incurred by COUNTY in connection with any such claims. This Ownership of Documents and Intellectual Property provision shall survive expiration or termination of this Agreement.

12. NO PUBLICITY OR ENDORSEMENT

CONTRACTOR shall not use COUNTY's name or logo or any variation of such name or logo in any publicity, advertising or promotional materials. CONTRACTOR shall not use COUNTY's name or logo in any manner that would give the appearance that the COUNTY is endorsing CONTRACTOR. CONTRACTOR shall not in any way contract on behalf of or in the name of COUNTY. CONTRACTOR shall not release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the COUNTY or its projects, without obtaining the prior written approval of COUNTY.

13. COUNTY PROPERTY AND INFORMATION

All of COUNTY's property, documents, and information provided for CONTRACTOR's use in connection with the services shall remain COUNTY's property, and CONTRACTOR shall return any such items whenever requested by COUNTY and whenever required according to the Termination section of this Agreement. CONTRACTOR may use such items only in connection with providing the services. CONTRACTOR shall not disseminate any COUNTY property, documents, or information without COUNTY's prior written consent.

14. RECORDS, AUDIT, AND REVIEW

CONTRACTOR shall keep such business records pursuant to this Agreement as would be kept by a reasonably prudent practitioner of CONTRACTOR's profession and shall maintain such records for at least four (4) years following the termination of this Agreement. All accounting records shall be kept in accordance with generally accepted accounting principles. COUNTY shall have the right to audit and review all such documents and records at any time during CONTRACTOR's regular business hours or upon reasonable notice. In addition, if this Agreement exceeds ten thousand dollars (\$10,000.00), CONTRACTOR shall be subject to the examination and audit of the California State Auditor, at the request of the COUNTY or as part of any audit of the COUNTY, for a period of three (3) years after final payment under the Agreement (Cal. Govt. Code Section 8546.7). CONTRACTOR shall participate in any audits and reviews, whether by COUNTY or the State, at no charge to COUNTY.

If federal, state or COUNTY audit exceptions are made relating to this Agreement, CONTRACTOR shall reimburse all costs incurred by federal, state, and/or COUNTY governments associated with defending against the audit exceptions or performing any audits or follow-up audits, including but not limited to: audit fees, court costs, attorneys' fees based upon a reasonable hourly amount for attorneys in the community, travel costs, penalty assessments and all other costs of whatever nature. Immediately upon notification from COUNTY, CONTRACTOR shall reimburse the amount of the audit exceptions and any other related costs directly to COUNTY as specified by COUNTY in the notification.

15. INDEMNIFICATION AND INSURANCE

CONTRACTOR agrees to the indemnification and insurance provisions as set forth in EXHIBIT C attached hereto and incorporated herein by reference.

16. NONDISCRIMINATION

COUNTY hereby notifies CONTRACTOR that COUNTY's Unlawful Discrimination Ordinance (Article XIII of Chapter 2 of the Santa Barbara County Code) applies to this Agreement and is incorporated herein by this reference with the same force and effect as if the ordinance were specifically set out herein and CONTRACTOR agrees to comply with said ordinance.

17. NONEXCLUSIVE AGREEMENT

CONTRACTOR understands that this is not an exclusive Agreement and that COUNTY shall have the right to negotiate with and enter into contracts with others providing the same or similar services as those provided by CONTRACTOR as the COUNTY desires.

18. NON-ASSIGNMENT

CONTRACTOR shall not assign, transfer or subcontract this Agreement or any of its rights or obligations under this Agreement without the prior written consent of COUNTY and any attempt to so assign, subcontract or transfer without such consent shall be void and without legal effect and shall constitute grounds for termination.

19. TERMINATION

A. By COUNTY. COUNTY may, by written notice to CONTRACTOR, terminate this Agreement in whole or in part at any time, whether for COUNTY's convenience, for nonappropriation of funds, or because of the failure of CONTRACTOR to fulfill the obligations herein.

1. **For Convenience.** COUNTY may terminate this Agreement in whole or in part upon thirty (30) days written notice. During the thirty (30) day period, CONTRACTOR shall, as directed by COUNTY, wind down and cease its services as quickly and efficiently as reasonably possible, without performing

unnecessary services or activities and by minimizing negative effects on COUNTY from such winding down and cessation of services.

2. **For Nonappropriation of Funds.** Notwithstanding any other provision of this Agreement, in the event that no funds or insufficient funds are appropriated or budgeted by federal, state or COUNTY governments, or funds are not otherwise available for payments in the fiscal year(s) covered by the term of this Agreement, then COUNTY will notify CONTRACTOR of such occurrence and COUNTY may terminate or suspend this Agreement in whole or in part, with or without a prior notice period. Subsequent to termination of this Agreement under this provision, COUNTY shall have no obligation to make payments with regard to the remainder of the term.
 3. **For Cause.** Should CONTRACTOR default in the performance of this Agreement or materially breach any of its provisions, COUNTY may, at COUNTY's sole option, terminate or suspend this Agreement in whole or in part by written notice. Upon receipt of notice, CONTRACTOR shall immediately discontinue all services affected (unless the notice directs otherwise) and notify COUNTY as to the status of its performance. The date of termination shall be the date the notice is received by CONTRACTOR, unless the notice directs otherwise.
- B. By CONTRACTOR. Should COUNTY fail to pay CONTRACTOR all or any part of the payment set forth in EXHIBIT B, CONTRACTOR may, at CONTRACTOR's option terminate this Agreement if such failure is not remedied by COUNTY within thirty (30) days of written notice to COUNTY of such late payment.
- C. Upon termination, CONTRACTOR shall deliver to COUNTY all data, estimates, graphs, summaries, reports, and all other property, records, documents or papers as may have been accumulated or produced by CONTRACTOR in performing this Agreement, whether completed or in process, except such items as COUNTY may, by written permission, permit CONTRACTOR to retain. Notwithstanding any other payment provision of this Agreement, COUNTY shall pay CONTRACTOR for satisfactory services performed to the date of termination to include a prorated amount of compensation due hereunder less payments, if any, previously made. In no event shall CONTRACTOR be paid an amount in excess of the full price under this Agreement nor for profit on unperformed portions of service. CONTRACTOR shall furnish to COUNTY such financial information as in the judgment of COUNTY is necessary to determine the reasonable value of the services rendered by CONTRACTOR. In the event of a dispute as to the reasonable value of the services rendered by CONTRACTOR, the decision of COUNTY shall be final. The foregoing is cumulative and shall not affect any right or remedy which COUNTY may have in law or equity.

20. SECTION HEADINGS

The headings of the several sections, and any Table of Contents appended hereto, shall be solely for convenience of reference and shall not affect the meaning, construction or effect hereof.

21. SEVERABILITY

If any one or more of the provisions contained herein shall for any reason be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

22. REMEDIES NOT EXCLUSIVE

No remedy herein conferred upon or reserved to COUNTY is intended to be exclusive of any other remedy or remedies, and each and every such remedy, to the extent permitted by law, shall be cumulative and in addition to any other remedy given hereunder or now or hereafter existing at law or in equity or otherwise.

23. TIME IS OF THE ESSENCE

Time is of the essence in this Agreement and each covenant and term is a condition herein.

24. NO WAIVER OF DEFAULT

No delay or omission of COUNTY to exercise any right or power arising upon the occurrence of any event of default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Agreement to COUNTY shall be exercised from time to time and as often as may be deemed expedient in the sole discretion of COUNTY.

25. ENTIRE AGREEMENT AND AMENDMENT

In conjunction with the matters considered herein, this Agreement contains the entire understanding and agreement of the parties and there have been no promises, representations, agreements, warranties or undertakings by any of the parties, either oral or written, of any character or nature hereafter binding except as set forth herein. This Agreement may be altered, amended or modified only by an instrument in writing, executed by the parties to this Agreement and by no other means. Each party waives their future right to claim, contest or assert that this Agreement was modified, canceled, superseded, or changed by any oral agreements, course of conduct, waiver or estoppel.

26. SUCCESSORS AND ASSIGNS

All representations, covenants and warranties set forth in this Agreement, by or on behalf of, or for the benefit of any or all of the parties hereto, shall be binding upon and inure to the benefit of such party, its successors and assigns.

27. COMPLIANCE WITH LAW

CONTRACTOR shall, at its sole cost and expense, comply with all County, State and Federal ordinances and statutes now in force or which may hereafter be in force with regard to this Agreement. The judgment of any court of competent jurisdiction, or the admission of CONTRACTOR in any action or proceeding against CONTRACTOR, whether COUNTY is a party thereto or not, that CONTRACTOR has violated any such ordinance or statute, shall be conclusive of that fact as between CONTRACTOR and COUNTY.

28. CALIFORNIA LAW AND JURISDICTION

Reference: Santa Barbara County Resource Recovery and Waste Management Division (RRWMD) Stormwater Compliance Services for FY 2022-2023

Dear Christina Wilder, P.E.:

Geosyntec Consultants Inc. (Geosyntec) is pleased to continue to provide stormwater technical consulting support to RRWMD related to compliance with the Industrial General Permit (IGP) at the South Coast Recycling and Transfer Station (SCRTS) and the Tajiguas Landfill (Tajiguas) and the Construction General Permit (CGP) as-needed as outlined in the tasks below.

Task 1. Project Management and Communication

Geosyntec will provide overall project management for the duration of the one-year contract including preparing monthly invoices, e-mail and phone communication with RRWMD, meetings with third party operators, and budget/status updates. In-person meetings and other requests will be accommodated as budget allows.

Task 1 Budget: \$13,400

Assumptions:

- Communication includes monthly one-hour meetings (total of 12) with RRWMD staff and up to four (4) one-hour calls with third party operators.

Task 2. IGP Reporting and Technical Support at SCRTS

This task covers the following IGP requirements:

- **Level 2 ERA Technical Report Update 2023 (if needed):** Depending on NAL exceedances during the 2022/2023 rainy season, a Level 2 ERA Technical Report update may be needed in July 2023. The report will contain a summary of site operational changes and BMP updates as applicable. The report will also include a summary of the stormwater diversion tank system along with a summary of each storm event and bypass occurrence to demonstrate that Numeric Action Levels (NALs) were only exceeded during storm events greater than the 85th percentile 24-hour storm event (IGP design storm).

- **SCRTS SWPPP Updates:** Geosyntec will make as needed updates and revisions to the SCRTS SWPPP, such as incorporation of new operational areas, new BMPs, and/or new operational procedures (i.e., maintenance). This task will be limited to providing minor updates and revisions of the SWPPP and site maps. The estimated budget does not assume development of new sections of the SWPPP or new figures or maps; however, such needs could potentially be accommodated as requested as budget allows.

Deliverables:

- If needed, one draft and one final deliverable will be submitted for the 2023 Level 2 ERA Technical Report Update (6 – 8 pages), providing two weeks for RRWMD review.
- One draft and one final revised SWPPP including minor revisions as budget allows.

Task 2 Budget: \$12,000.

Assumptions:

- No additional stormwater samples will be collected in 2021/2022 so that no Level 2 ERA Technical Report Update is required for the July 2022 Annual Report, and no Level 1 ERA Technical Report is needed.
- No tank bypass will occur during storms less than the IGP design storm.
- It is assumed that RRWMD staff will perform the monthly visual observations, the annual comprehensive facility evaluation, and keep documentation onsite. Site visits or in-person meetings could be provided for an additional cost or can be accommodated as budget allows.
- If additional technical analyses are required to support the Level 2 ERA Technical Report recommendations/conclusions other than what is described in this scope of work, they will be provided as budget allows or additional budget authorization may be necessary depending on the complexity of the analyses.

Task 3. IGP Reporting and Technical Support at Tajiguas

This task includes the following reporting requirements required by the IGP:

- **Level 2 ERA Technical Report and Extension:** Geosyntec will assist with the submittal of a 6-month extension including the reason for the time extension (Alisal Fire prevented representative samples from being collected during the 2021-2022 winter season) and a revised Level 2 ERA Action Plan. The Level 2 ERA Action Plan for Nitrate+Nitrite submitted in December 2021 outlined a sampling plan to perform a non-industrial/background demonstration study. With the new ReSource Center going online in the past year, additional run-on samples will be collected to identify potential contributions from the ReSource Center, which has its own IGP coverage. Geosyntec will prepare one Level 2 ERA Technical Report to address Nitrate+Nitrite at Tajiguas following the execution of the sampling plan. If sampling results do not support natural background sources as the cause of Nitrate+Nitrite exceedances, additional BMPs will be recommended in the green waste area (e.g. Filter Soxx that target nitrogen removal).

- **Level 2 ERA Technical Report Update 2023 (if needed):** Assuming TSS and Iron exceedances persist in 2022/2023, Geosyntec will prepare one Level 2 ERA Technical Report to address TSS and Total Iron, which is to be submitted with the Annual Report in July 2023. The Level 2 ERA Technical Report Update will summarize the completed flocculant jar testing and is anticipated to recommend pilot testing to be implemented during the 2022/2023 wet season to evaluate the effectiveness and test means of flowrate-based control of flocculant dosing to address future NAL exceedances. This report update will be initiated under the 2022/2023 contract and will be finalized in July under a new scope of work if needed.
- **Level 2 Pilot Dosing System Support:** To assist with implementation of the Iron and TSS Level 2 ERA Response, Geosyntec will coordinate with a treatment vendor, oversee implementation of a pilot flocculant dosing system during the 2022/2023 rainy season, and develop a sampling plan to assess the effectiveness of the dosing system. This budget assumes up to 16 hours of initial coordination, up to three days of field oversight during equipment installation, and up to 16 hours of data post-processing and post-pilot test technical support as needed. Additional support can be provided as budget allows.
- **Tajiguas SWPPP Updates:** Geosyntec will make as needed updates and revisions to the Tajiguas SWPPP, such as incorporation of new operational areas, new BMPs, and/or new operational procedures (i.e., maintenance). This task will be limited to providing minor updates and revisions of the SWPPP and site maps. The estimated budget does not assume development of new sections of the SWPPP or new figures or maps; however, such needs could potentially be accommodated as requested as budget allows.

Task 3 Budget: \$42,700.

Deliverables:

- One draft and one final deliverable will be submitted for the Level 2 Technical Report, and Level 2 ERA Technical Report Update (limited to 8 pages each), providing two weeks for RRWMD review.
- One draft and one final revised SWPPP including minor revisions as budget allows.

Assumptions:

- Existing budget assumes no in person meetings and one site visit. Additional site visits or in person meetings could be provided for an additional cost or can be accommodated as budget allows under the as-needed task.
- RRWMD staff will collect samples as part of the non-industrial/background sampling plan with office support provided by Geosyntec as budget allows.
- The cost of the pilot flocculant dosing system is not included in this scope and budget. It is assumed that RRWMD will contract directly with the treatment vendor once the proposed pilot system is agreed to.

- Lab fees for sample analysis are not included in this scope and budget. It is assumed that RRWMD will contract directly with Pace Analytical, or a similar lab, once the proposed sampling plans are finalized.
- If additional technical analyses are required to support the ERA Technical Report recommendations/conclusions other than what is described in this scope of work, they will be provided as budget allows or additional budget authorization may be necessary depending on the complexity of the analyses.

Task 4. Tajiguas Wet Weather Preparedness Report (WWPR) Technical Support

Geosyntec will provide as needed technical support to RRWMD staff as they develop a wet weather preparedness report (WWPR) for the Tajiguas landfill according to the requirements outlined in the Central Coast Regional Water Quality Control Board (RWQCB) Waste Discharge Requirements (WDR) Order No. R3-2010-0006 Provisions E.4 – E.6 and E.21. This task includes up to two phone calls (one hours each) between Geosyntec staff and RRWMD staff to discuss previous BMPs implemented and identify new BMPs as needed. This task also includes up to eight hours to review draft and final WWPR deliverables.

Task 4 Budget: \$3,300.

Task 5. PFAS Stormwater Sampling and Technical Support at Tajiguas

Geosyntec will provide support for the PFAS stormwater sampling required by the Central Coast RWQCB. Preparation includes drafting a PFAS Stormwater Sampling Plan, coordinating with the laboratory, and tracking weather for sampleable storms. PFAS Stormwater Sampling Plan will include sampling locations and access points, lab methods, PFAS-specific collection procedures, QA/QC considerations, health and safety protocols, and mobilization triggers. Geosyntec will collect samples from three storm events following PFAS sampling guidelines and then prepare a memo summarizing the results.

Deliverables:

- One draft and one final deliverable will be submitted for the PFAS Stormwater Sampling Plan and PFAS Stormwater Monitoring Results Memo (limited to 8 pages each), providing two weeks for RRWMD review.

Assumptions:

- Three storms will be sampled by two Geosyntec staff and one false start is assumed.
- For each storm event 2-4 stormwater samples, 1 equipment blank, and 1 field blank will be analyzed.
- Up to four hours of coordination each with the lab and RRWMD staff.
- Lab fees for sample analysis are not included in this scope and budget. It is assumed that RRWMD will contract directly with Pace Analytical who will send the samples to the Eurofins in Sacramento, which is accredited for PFAS analysis, once the proposed sampling plans are finalized.
- If additional technical analyses are required to support the *Tajiguas Landfill Sampling and Assessment Workplan for PFAS* (submitted to the RWQCB in 2021 and pending approval) other

than what is described in this scope of work, they will be provided as budget allows or additional budget authorization may be necessary depending on the complexity of the analyses.

Task 5 Budget: \$38,000.

Task 6. Data and Reporting Management and Submission Support

Geosyntec will manage the industrial stormwater quality data collected at all three RRWMD facilities that are under the IGP. The estimated budget assumes that RRWMD will provide the electronic data when available and Geosyntec will continue to store in the existing database. The data will be processed, and a quality assurance/quality control check will be performed. Geosyntec will provide requested summaries/deliverables as-needed and as budget allows. These deliverables may include annual site-wide average comparisons to applicable NALs or narrative interpretation of data received.

Task 6 Budget: \$5,800.

Task 7. Miscellaneous As-Needed Support

Geosyntec will also provide as-needed consulting support to RRWMD and/or County staff regarding miscellaneous IGP, CGP, and/or other Clean Water Act compliance issues at SCRTS, Tajiguas Sanitary Landfill, and Foothill Closed Landfill. This includes one site inspection of ReSource Center industrial activities and materials, their potential exposure, and associated pollutants to confirm existing pollutant source assessments and monitoring parameters in the SWPPP. This may also include as-needed support to review BMPs and deliverables from ReSource Center operators at Tajiguas Sanitary Landfill and updating the SCRTS Alternative Compliance Equivalency Demonstration memo to reflect the completed as-built system. To help the County comply with and track nuanced interpretation and emerging issues of the IGP, questions may arise regarding sampling plans, interpretation and evaluation of sampling results, Exceedance Response Action and BMP recommendations (e.g., to address existing or new NAL exceedances), pollutant source assessments, and/or reporting requirements. Geosyntec will be available for site visits, telephone and/or in-person meetings, development of recommendation memos, or review of draft County reports, as-requested and as budget allows.

This task may also include review of the Tajiguas ReSource Center's BMPs, SWPPP changes, or updates related to their compost or wastewater permits, as-needed and as budget allows.

Task 7 Budget: \$22,200

Note Regarding COVID-19 Impacts

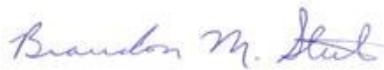

Uncertainty as a result of the COVID-19 pandemic is impacting operations in every aspect of our economy. In this proposal we have presented Geosyntec's anticipated budget and schedule for the scope of work described. As circumstances change, we may need to adjust how and when the scope is delivered as well as any other impacts to the budget and schedule. In the event that a change is required we will discuss the situation with the County to reach a mutually acceptable solution.

Terms and Conditions

The total estimated costs for the 2022-2023 Stormwater Regulatory Compliance Consulting Services Scope of work described above are: \$137,400.

This proposal is valid for 90 days. Geosyntec continues to appreciate the opportunity to work closely with the RRWMD on these technical projects. Please contact us if you have questions.

EXHIBIT C

Indemnification and Insurance Requirements (For Environmental Contractors and/or Consultant Contracts)

INDEMNIFICATION

CONTRACTOR agrees to indemnify, defend (with counsel reasonably approved by COUNTY) and hold harmless COUNTY and its officers, officials, employees, agents and volunteers from and against any and all claims, actions, losses, damages, judgments and/or liabilities arising out of this Agreement from any cause whatsoever, including the acts, errors or omissions of any person or entity and for any costs or expenses (including but not limited to attorneys' fees) incurred by COUNTY on account of any claim except where such indemnification is prohibited by law. CONTRACTOR'S indemnification obligation applies to COUNTY'S active as well as passive negligence but does not apply to COUNTY'S sole negligence or willful misconduct.

NOTIFICATION OF ACCIDENTS AND SURVIVAL OF INDEMNIFICATION PROVISIONS

CONTRACTOR shall notify COUNTY immediately in the event of any accident or injury arising out of or in connection with this Agreement. The indemnification provisions in this Agreement shall survive any expiration or termination of this Agreement.

INSURANCE

CONTRACTOR shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the CONTRACTOR, its agents, representatives, employees or subcontractors.

A. Minimum Scope of Insurance

Coverage shall be at least as broad as:

1. **Commercial General Liability (CGL):** Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products-completed operations, personal & advertising injury, with limits no less than \$2,000,000 per occurrence and \$4,000,000 in the aggregate.
2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$1,000,000 per accident for bodily injury and property damage.
3. **Workers' Compensation:** Insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease. ***(Not required if CONTRACTOR provides written verification that it has no employees)***
4. **Contractor's Pollution Liability and/or Asbestos Pollution Liability and/or Errors & Omissions:** applicable to the work being performed, with a limit no less than \$2,000,000 per claim or occurrence and \$2,000,000 aggregate per policy period of one year.

If the CONTRACTOR maintains broader coverage and/or higher limits than the minimums shown above, the COUNTY requires and shall be entitled to the broader coverage and/or the higher limits maintained by the CONTRACTOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the COUNTY.

B. Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. **Additional Insured** – COUNTY, its officers, officials, employees, agents and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the CONTRACTOR'S insurance at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).
2. **Primary Coverage** – For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary insurance primary coverage at least as broad as ISO CG 20 01 04 13 as respects the COUNTY, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the COUNTY, its officers, officials, employees, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it.
3. **Notice of Cancellation** – Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the COUNTY.
4. **Waiver of Subrogation Rights** – CONTRACTOR hereby grants to COUNTY a waiver of any right to subrogation which any insurer of said CONTRACTOR may acquire against the COUNTY by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the COUNTY has received a waiver of subrogation endorsement from the insurer.
5. **Deductibles and Self-Insured Retention** – Any deductibles or self-insured retentions must be declared to and approved by the COUNTY. The COUNTY may require the CONTRACTOR to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
6. **Acceptability of Insurers** – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum A.M. Best's Insurance Guide rating of "A- VII".
7. **Verification of Coverage** – CONTRACTOR shall furnish the COUNTY with proof of insurance, original certificates and amendatory endorsements as required by this Agreement. The proof of insurance, certificates and endorsements are to be received and approved by the COUNTY before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the CONTRACTOR'S obligation to provide them. The CONTRACTOR shall furnish evidence of renewal of coverage throughout the term of the Agreement. The COUNTY reserves the right to require complete, certified copies of all required

insurance policies, including endorsements required by these specifications, at any time.

8. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, COUNTY has the right but not the obligation or duty to terminate the Agreement. Maintenance of required insurance coverage is a material element of the Agreement and failure to maintain or renew such coverage or to provide evidence of renewal may be treated by COUNTY as a material breach of contract.
9. **Subcontractors** – CONTRACTOR shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and CONTRACTOR shall ensure that COUNTY is an additional insured on insurance required from subcontractors.
10. **Claims Made Policies** – If any of the required policies provide coverage on a claims-made basis:
 - i. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
 - ii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of contract work.
 - iii. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the CONTRACTOR must purchase “extended reporting” coverage for a minimum of five (5) years after completion of contract work.
11. **Special Risks or Circumstances** – COUNTY reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. CONTRACTOR agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of COUNTY to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of COUNTY.
