Dear County of Santa Barbara:

Please consider mine another voice in support of the appeal on the development of Naples by Gaviota Coast Conservancy, Environmental Defense Center, and Surfrider Foundation.

I agree with these organizations for their reasons. Also, I support the conservation of our environment, which is a global biodiversity hotspot and key region of the California Floristic Province, for present and future generations. And I believe this area was originally part of Chumash territory and should be protected out of respect for Chumash people and heritage.

Thank you for your consideration. Wish you a good day.

Kind regards,
Julie Hall

- We support Gaviota Coast Conservancy, Environmental Defense Center, and Surfrider Foundation's appeal.
- The Board should vote again to find that the Santa Barbara Ranch Developer has not complied with the Inland Development Agreement, and continue the hearing to the same time as the developer's appeal hearing.

Sincerely,
Sharon Broberg and John Broberg
