TO: Board of Supervisors

FROM: Phillip M. Demery, Director
Public Works Department

STAFF CONTACT: Mark A. Schleich, Deputy Director x3603
John M. Pet x3625

SUBJECT: Construction of Tajiguas Landfill West Side 48-inch Storm Drain Replacement 2004
County Project No. 828718
Third Supervisorial District

Recommendation(s):

That the Board of Supervisors:

- A. Approve plans and specifications for Construction of Tajiguas Landfill West Side 48-inch Storm Drain Replacement 2004 County Project No. 828718 Third Supervisorial District; and
- B. Award and authorize Chair to execute the construction contract in the amount of \$265,009.00 to the lowest responsible bidder, John Madonna Construction, subject to the provisions of documents and certification, as set forth in the plans and specifications applicable to the project, as required under California Law; and
- C. Authorize the Chair to execute the construction contract upon return of the Contractor's executed contract documents and the review and approval of the County Counsel, Auditor-Controller and Risk Manager or their authorized representatives; and
- D. Approve contingency fund in the amount of \$ 26,500.90 for Construction of Tajiguas Landfill West Side 48-inch Storm Drain Replacement 2004 County Project No. 828718 Third Supervisorial District

Alignment with Board Strategic Plan:

Recommendation(s) are primarily aligned with Goal No. 2 Ensure the Public Health and Safety and Provide Essential Infrastructure

Executive Summary and Discussion:

On June 3, 2004, eight (8) bids were opened for Construction of Tajiguas Landfill West Side 48-inch Storm Drain Replacement 2004 County Project No. 828718. The lowest responsible bid was submitted by John Madonna Construction in the amount of \$265,009.00 which is 6.96% below engineer's estimate. The Department has performed an analysis of the bids received and has determined that the low bid is responsible and reasonable. The department recommends awarding this contract to John Madonna Construction.

The Tajiguas Landfill West Side 48-Inch Storm Drain is a 30-year old, 3000-foot long corrugated metal pipe that diverts Pila Creek around the Tajiguas Landfill filling operation. This project replaces 950 feet of the aging pipe with long lasting and resilient HDPE (high density polyethylene) pipe. Previously, your Board approved the replacement of 530 feet of this aged pipe; that combined with this project restores approximately 50% of the overall pipe length. The five-year Capital Improvement Plan identifies replacement of the remaining portions of the old pipe in future years.

Your Board approved this project in the Five Year 2003/2008 Capital Improvement Plan. This project was bid in accordance with the Public Contract Code, which requires the award to the lowest responsible bidder.

Mandates and Service Levels:

No change in programs or service levels.

Fiscal and Facilities Impacts:

Funding for this project is budgeted in Fund 1930, Program 1750, Department 054 and Account 8200 in the 04/05 budget year.

Special Instructions:

Please provide a certified stamped Minute Order approving these actions to Solid Waste Division, attn: John Pet and Georgia Navarro, and to Solid Waste Accounting, attn: Colleen Hankins.

Concurrence:

County Counsel
Auditor-Controller
Risk Management
