Subject: Chumash agreement

Hello Joan

I am a long term resident of the santa Ynez valley and would like to express my strong support for the agreement with the Chumash regarding Camp 4. I believe that this is a much needed agreement and compromise to ensure the peaceful coexistence of the tribe and other residents of the Valley. I am not a supporter of the casino and the gambling environment, but recognize the competing interests of both sides and am pleased with this proposed agreement.

Thank you

Mary Ann Evans, Ph.D.

Subject: Oct 31 Hearing on Camp 4

I am writing to show support of the negotiations taking place between the County and the Chumash Tribe over the 1400 acres called Camp 4. I see that the Tribe has voluntarily entered into this agreement which, according to Federal rulings, are under no obligation to do so. I see this agreement as a continuation of building trust between the County and the Tribe and the parameters that have been negotiated in this agreement are more than fair.

Sincerely, Malia Maurer

Subject: Chumash Agreement

Supervisor Hartmann,

I'm sorry I can't attend this morning's hearing, but I want to let you know that I appreciate and support your efforts to in obtaining an agreement with the Chumash tribe on the Camp 4 annexation issue which appears to be a good faith compromise by all parties involved. I've been a resident of Solvang for 16 years, and have always felt troubled by the negative attitudes of many of my neighbors towards the Chumash tribe. I applaud your dedication to working towards a peaceful resolution. While we probably won't know for awhile if the financial arrangement will be sufficient, perhaps the final agreement can be crafted in such away to allow for adjustments in the future, as needed, in order for the agreement to be equitable.

I sincerely hope that the SYV residents will come to recognize that it is so much better to all work together than to stand divided.

Good luck, and thank you.

Subject: Chumash agreement--in support

Dear County Supervisors,

I just learned that today you will be voting on the new agreement with the Chumash tribe negotiated by Supervisors Williams and Hartmann. I am in full support and hope that you will all vote for this compromise and let the Tribe and community move forward and past this contentious subject that only serves to divide our community.

Many thanks to Supervisors Williams and Hartmann for their efforts, as well as to the Tribe for working with them.

Thank you,

Stacey Otte

Subject: Camp 4

Dear supervisors,

Thank you for your work in crafting an agreement between the county and the Santa Ynez Band of Chumash Indians regarding the Camp 4 property. I understand the Chumash have the right to develop the land as they see fit and the agreement with the county is voluntary and in good faith on their part. That they are willing to compromise and limit their development speaks volumes. That you worked tirelessly and against great opposition is admirable and appreciated.

Thank you for supporting this agreement which is as good as the county could hope for.

Sincerely,

Janet Rogers, SY property owner

Subject: From Jayne Martin in Santa Ynez

Dear Board Members,

I support the plan you have worked out with the Chumash for development of the land at Hwy 154 and 246. While I have some concerns that they may change the agreement later as they did by adding additional height to the casino and the serving of hard alcohol, I believe this is plan is the best we can do at this point.

I urge you to go sign this agreement with the tribe and will hope for the best. Thank you for your efforts in this matter.
