Santa Barbara County
Prosperity Through Freedom
REPUBLICAN PARTY

As Israelis were wrapping up the seven-day-long Jewish festival of Sukkot, on Saturday Oct. 7, 2023 Israel was invaded by terrorists who slaughtered innocent women and children, and kidnapped hundreds of others. Thousands of rockets were fired in a sneak attack. Hundreds died and thousands were injured.

This brutal and unprovoked invasion has led to war in the Middle East. Israel gave up the Gaza strip to promote peace with Palestinians and Hamas used it to launch a savage offensive intent on destroying a parliamentary democracy.

The Santa Barbara County Republican Party stands with Israel. We ask that the Board of Supervisors proclaim that the County of Santa Barbara condemns Hamas, Iran and Hezbollah for advocating the destruction of Israel and being responsible for a horrific terror attack that has led to a war in the Middle East, and that we support Israel's efforts to end the conflict via whatever means necessary. The people of Israel, our best friend and ally in the Middle East, would appreciate this important display of support!
