SUBJECT: Application for 2005 CDBG funds for the County Sheriff substation in Isla Vista (3rd District)

Recommendation(s):

That the Board of Supervisors:

1. Adopt the attached resolution (Attachment A) approving a \$500,000 CDBG grant application to the State Department of Housing and Community Development and authorizing the Director of the County Department of Housing and Community Development to submit the \$500,000 grant application to the California State Department of Housing and Community Development for funding of the construction of the County Sheriff's substation in Isla Vista (Attachment B).
2. Authorize the Director to sign all documents required for submittal of the CDBG application, execution of the grant agreement, drawdown of funds, submittal of minor amendment requests and grant administration.

Alignment with Board Strategic Plan:

The recommendation(s) are primarily aligned with Goals No. 7, Strengthen the Safety and Well-Being of Children and Their Families to Ensure a Strong Future for our Community, and Goal No. 5, Maintain and Enhance the Quality of Life for all Residents.

Executive Summary and Discussion:

Housing and Community Developing is applying on behalf of the County Sheriff to help fund the construction of the Isla Vista substation. The current station, located on Pardall Road, is on leased property and the lease is set to expire in the October, 2005. The Sheriff and UCSB have negotiated an agreement to

relocate the substation onto vacant university property. The County is currently in the process of issuing Certificate of Participation (COP) for the construction funding for the substation. The CDBG funds would help pay for the architectural drawings and other soft construction costs for the station.

The Isla Vista substation is an integral part of the Isla Vista community. Approximately 17,000 people live in the 6/10ths of a square mile. On weekends, that number can go as high as 40,000. While representing less than 1.5% of the County population, close to 25% of all serious crime in Santa Barbara County occurs in Isla Vista. As the County and UCSB recognizes by their financial commitments, maintaining a station in Isla Vista is crucial the well being of the community. The CDBG funding would further enhance and improve the capabilities of the station to serve Isla Vista.

Under the 2005 cycle of State Community Development Block Grant (CDBG) funding, the County is competing with other eligible non-entitlement applicants throughout the State for approximately \$44.5 million in General Allocation project monies. This year is unique that the State CDBG program is allowing jurisdictions to apply for up to three years worth of funding. Therefore the County is submitting three \$500,000 General Allocation applications with the Isla Vista substation as one of the applications. The other two applications have been submitted as separate Board letters. The County is eligible to apply for up to \$800,000 in CDBG General Allocation and Economic Development Funds. For the past 5 years, Housing Finance has applied and received \$500,000 each year for housing programs. The remaining \$300,000 of the \$800,000 is available for Economic Development applications. Economic Development Division in Housing and Community Development recently received a \$300,000 CDBG Microenterprise grant.

As part of the County's Citizen Participation Plan, on October 27, 2004 and November 3, 2004 the County sponsored public hearings, during which the State CDBG program and the County activity selection criteria were discussed for a 2005 application. Staff explained that this project would best meet the County activity selection criteria and would be the most competitive in the State process. This hearing before the Board of Supervisors represents the second required public hearing on the 2005 CDBG application.

If the grant is received, the Department of Housing and Community Development, Housing Finance and Development staff will be responsible for its general administration. They will conduct all monitoring, recordkeeping and funding disbursement.

Mandates and Service Levels:

The Housing Finance and Development Program is not mandated; however, acceptance of funds to carry out affordable housing activities requires the County to comply with the conditions attached to those funds. The State will notify applicants for the year 2005 grant awards by June 30, 2005, however meeting state administrative requirements can take an additional six to eight months.

Fiscal and Facilities Impacts:

If the grant is awarded, the County will receive \$500,000 of CDBG funds for constructing the IV Sheriff station from which the Housing Finance Division of Housing and Community Development will receive \$37,500 in CDBG General Allocation funds for general administration, monitoring and reporting for the CDBG requirements. There is not a required cash match for this application however the County will commit \$1,694,678 in the form of the approved COP for the substation as cash match to have a more competitive application.

Special Instructions:

Enclosed are two copies of the original resolution. Please return one original signed resolution to Lisa Snider.
