dear supervisors,

As our Supervisor, Doreen Farr, knows, there are many roads here in the Santa Ynez Valley that are substandard.

Just try driving Happy Canyon or Ballard Canyon on any day. There are bicyclists peddling three to five abreast on these roads. There is no room to pass. Just think that along with bicyclists touring we will now have wine tasters using the same roads and probably at the same time. It is possible that the bicyclers will be wine taster too. What a combination, inebriated drivers of cars and inebriated bikers.

I suggest that each and everyone of you take the time to drive these roads. Once you have experienced what we, as residents have experienced, you will curtail wine tasting and events on these substandard roads in the new wine ordinance.

Thank you,  
Linda Kastner

**Subject:** Fwd: 300 sq ft tasting rooms and no events?

Dear Commissioners,

This is a cataclysmic winery ordinance and I am having to beg "please sir, may I keep my winery?". As a winery owner, I am devastated by the terms of the ordinance.

1. All Tier A and B boutique wineries need to be able to hold tastings by appointment. This is our only lifeline, and it needs to be part of each and every Tier A and B permit. The inclusion of "by appointment" tastings is life or death for wineries.
2. And why are we limiting tasting room sizes? Tier A wineries are limited to 300 sq ft? Many wineries are on ample tracts of land: many over 100 acres. The number tasting room visitors is already limited to just 20 people. That's the important number. When a Tier A winery can be up to 20,000 sq ft., who cares about the tasting room size? We need flexibility, a magnificent tasting room keeps the wine club members returning for years and helps establish brand identity since visitors to wineries are about the only way to make a winery break even financially. No tasting room sq ft requirement is pertinent. Why care if the 20 winery visitors are standing in a 300 sqft room or a 1,500 sq ft room? It's about architecture and art, not an arbitrary size. Let the Architecture Review Board decide if tasting room size is inappropriate.
3. And why do we want to stop Tier A and B winery events? Wineries can't exist without customers, and we have to keep those customers involved. We have to entertain our wine club at a minimum twice a year, however four times gives us room to operate. That is not a burden on the county. But tastings and events are our lifeline.

The elimination of all events at Tier A and B wineries, the limitation of our creative control of the size of our tasting rooms, and restrictions on "by appointment" tastings will kill wineries. Wineries are an essential part of the artisanal agricultural reputation of our beautiful Santa Barbara County. Don't run us out of business, we are one of the principal reasons most people live and visit Santa Barbara.

Please vote no on these arbitrary handcuffs in this winery ordinance.

County Supervisors , Members of the Public, County Clerk To all concerned , The proposed Winery Ordinance continues to allow far too many events and too much public wine tasting visitations .

Please scale these activities back to reasonable levels .

I am a neighbor living off Ballard Canyon and among the concerned citizens who wish to protect our children , our family and friends from the possibility of harm due to overextended activity on Ballard Canyon , a beautiful and dangerous road

Cumulative activity on Ballard Canyon Road from the possibility of 16 vintners along a seven mile stretch of this challenging road needs to be addressed from future development . Events and wine tasting must be carefully monitored and regulated before it becomes too overwhelming and too dangerous.

Please heed our concerns .

**Subject:** Vote NO on Winery Ordinance

Dear Board of Supervisors,

Please vote no on this winery ordinance.

We do not need to put more restrictions on wineries in rural areas.

County policies have already forced most operations into city jurisdictions.

This new ordinance is too restrictive to new smaller wineries, and will only exacerbate this problem of urban migration.

By increasing restrictions on rural wineries, wine tourism will be impeded, thereby effecting so much of our local economy that depends on sustainable tourism.

**Please vote NO on Nov. 1.**

**Subject:** Winery Ordinance

Dear Supervisor Wolf:

I, Clarissa Nagy as the proprietress and winemaker for Nagy Wines, strongly urge the Board of Supervisors to vote against the Draft Santa Barbara County Winery Ordinance as written on Tuesday, November 1<sup>st</sup>.

I cannot support the draft winery ordinance as written due to the lack of collaborative dialogue on the formation of the regulations. The resulting ordinance is overly restrictive. This ordinance fails to streamline the winery permit process or provide clarity. It further restricts agriculture and the selling of wine in our county.

Below, please find some of my concerns with the draft winery ordinance as written:

*It is challenging for family owned wineries to remain competitive against wineries in other regions.*

*The minimum premise size and planted vineyard acreage for wine tasting room and/or events will drive business from Santa Barbara County into other counties. I lease a bonded winery space in Santa Maria and have an off premise tasting room in Orcutt. The tasting room is half a mile from my home. I love Santa Barbara County, working and living here. As the draft winery ordinance is currently written, I would not be able to have a tasting room at all. I am active in the community and in the Orcutt Merchants Association. I support our schools, OCAF, the American Cancer Society and numerous professional clubs and organizations in my community through donations, hosting meetings at my location and sponsoring their fundraising efforts.*

*The wine industry continues to bring business to our county, even during times of recession. While other industries saw a drastic decrease in sales 2008-2012, the wine industry provided a perfect venue for "stay"cations. The wineries and tasting rooms continued to draw visitors and tourism dollars to our hotels and restaurants. The draft winery ordinance as written would decrease tourism to Santa Barbara County with the limits on the number of winery and tasting room visitors and the numbers and types of events wineries host.*

The wine industry in California and around the world has changed considerably in the last five years. There has been a significant positive sales trend toward premium wines, like those crafted in Santa Barbara County. More people are traveling to wine regions to meet the wine makers and learn the history and culture of these unique places. For many wineries, the vast majority of their wine sales come from visitors coming directly to the winery, rather than purchasing the wines elsewhere. *Sixty percent of my sales are direct to consumer, with the majority making trips from outside the area to visit.*

Santa Barbara County wineries already face more land-use restrictions than our neighbors to the North in Sonoma, Monterey and San Luis Obispo Counties. We are at a competitive disadvantage in attracting wine country visitors and need the support of our County government to build successful and sustainable agriculture businesses here in Santa Barbara County.

The Santa Barbara County wine industry provides more than 9,000 full-time equivalent jobs, generates more than \$93,000,000 annually in local and states taxes, and contributes millions of dollars to Santa Barbara County-based charities. To keep the Santa Barbara County wine industry sustainable, we need land-use laws that help support our local, family-owned businesses. My husband and I are both in production, making wine here in Santa Maria Valley.

I urge you to please have the Board of Supervisors read the emails that I sent them. I will bring a hard copy to the hearing tomorrow. Thank you.

Sincerely,

Clarissa Nagy
