Hi Stephen, thanks for reaching out. I have just recently taken over management of cannabis sites in Northern Santa Barbara county. No Water Board staff have inspected this site, so I cannot speak to their compliance with the Cannabis General Order in terms of management practices. They have submitted all the required plans and reporting, so they are in compliance in that regard. Let me know if there are specific elements of their proposal that you would like more detailed comments on. Thanks!

Hi Stephen,

I included my colleague, Alyssa Bucci, in this email since she has been managing the sites in Northern Santa Barbara county. She will be able to assist you in confirming if Castlerock Family Farms is in compliance with the Cannabis General Order.

Please let me know if you have any other questions! Thank you.

**Subject:** Castlerock Family Farms Cannabis Project 3\_42CC403264

**EXTERNAL:**

Dear Ms. Truong,

We are preparing to take the Castlerock Family Farms Cannabis project to the Santa Barbara County Planning Commission on June 24<sup>th</sup>. I would like to confirm that the operator is in compliance with the State Cannabis Cultivation Policy. The operator's waste discharger identification number as indicated on the attached document is: 3\_42CC403264.

Thank you for your help.

Stephen Peterson
