

BOARD OF SUPERVISORS
AGENDA LETTER

Agenda Number:

Clerk of the Board of
Supervisors

105 E. Anapamu Street, Suite
407

Santa Barbara, CA 93101
(805) 568-2240

Department Name: General Services
Department No.: 063
For Agenda Of: April 12, 2011
Placement: Departmental
Estimated Time: 20 minutes
Continued Item:
If Yes, date from:
Vote Requirement Majority

TO: Board of Supervisors
FROM: Department Bob Nisbet, Director (560-1011)
Directors(s) General Services Department
Contact Info:
SUBJECT: **An Ordinance Amending the County's Cable Television Franchise and License Ordinances to implement the Digital Infrastructure and Video Competition Act of 2006**

County Counsel Concurrence

As to form: Yes

Auditor-Controller Concurrence

As to form: Yes

Recommended Actions:

That the Board of Supervisors:

1. Consider the introduction (first reading) of an Ordinance deleting specific sections of Chapter 2 of the Santa Barbara County Code that deal with Cable Television Franchises and amending Chapter 43, by adding new sections that implement the Digital Infrastructure and Video Competition Act (DIVCA) of 2006;
2. Continue to April 19, 2011 to:
 - a. Consider the adoption (second reading) of an Ordinance deleting specific sections of Chapter 2 of the County Municipal Code that deal with Cable Television Franchise and amending Chapter 43, by adding new sections that implement the Digital Infrastructure and Video Competition Act (DIVCA) of 2006; and
 - b. Find that the proposed Ordinance is exempt from the California Environmental Quality Act (CEQA) by approving the attached Notice of Exemption.

3. Discuss whether or not the Board may want staff to draft a comment letter to the Public Utilities Commission (PUC) on Comcast's application for a state franchise regarding the sufficiency of that application, and specifically, Comcast's proposed service area.

Summary Text:

On September 29, 2006 the Governor signed in to law Assembly Bill 2987, the Digital Infrastructure and Video Competition Act of 2006 (DIVCA). The primary purpose of the DIVCA is to create a ministerial process for the granting of franchises to providers of cable and open video system services in an effort to foster the rollout of technology; encourage video, voice and broadband service competition; and expand customer service. The primary impact of the DIVCA on the County is that the County is prohibited from issuing new cable franchises. This new law permanently changes the franchising and regulatory structure for the provision of cable television and other video services in the State of California. The Public Utilities Commission (PUC) is now the sole franchising authority for new and future video service franchises in the State. The proposed ordinance revisions align the County's current cable franchise codes with the DIVCA.

Discussion:

The DIVCA leaves largely unchanged the County's authority to enforce its current cable franchise with Cox Communications for the remaining term, which expires on January 10, 2017. The existing County Codes will remain applicable to Cox until their franchise expires (Chapter 43, Sections 43-1 through 43-39). However, Comcast's franchise in the northern portion of the County expires on June 2, 2011. Comcast has applied for a franchise with the PUC for their existing service area and will shift to that franchise effective June 2, 2011. If the Board has any comments on Comcast's application to the PUC, now would be the time to formally make those comments (a copy of their application is attached).

Although the County can no longer be the franchising authority for new video service providers serving the community, the County can acquire certain rights and responsibilities under the DIVCA with respect to any holder of State video franchise. The DIVCA provides that these rights and responsibilities must be established by local ordinance before they become effective and enforceable. The DIVCA also requires that State franchise applicants comply with numerous regulations including the County regulations and fees regarding the time, place, and manner of using the public right-of-way. To meet these requirements, staff has developed the proposed Ordinance, which adds Sections 43-40 through 43-53 to the existing Code.

The proposed new Sections 43-40 through 43-53 are designed to:

- 1) Explain the purpose and application of the ordinance;
- 2) Establish applicable definitions;
- 3) Establish requirements for State video franchise holders and applicants for State video franchises to notify the County of their application and all required notices;

Agenda Date: April 12, 2011

Page: 3 of 4

- 4) Establish a franchise fee requirement of five percent (5%) of gross revenues and establish a Public, Education and Government (PEG) fee requirement of one percent (1%) of gross revenues;
- 5) Establish requirements for PEG channel capacity, interconnection, and signal carriage;
- 6) Permit the County to audit the records of any State franchisee to ensure compliance with the franchise fee and the PEG fee requirements;
- 7) Authorize the County to establish and to monitor customer standards to impose penalties for enforcement of customer service standards; and
- 8) Address emergency alert system requirements.

Franchise Fees and PEG Fees:

The DIVCA allows local government to assess a five percent (5%) franchise fee on State holders, which is currently the same amount the County is charging both Comcast and Cox under their existing franchises. This is a General Fund revenue and is considered to be a form of rent in exchange for the operator's use of the public streets and right-of-ways. The DIVCA does not require that the counties adopt by ordinance the requirement for a five percent (5%) franchise fee but it is good practice to do so. This notification can help assure timely payment of the franchise fee.

Additionally, Section 5870(n) of DIVCA states that counties may adopt a PEG fee of up to one percent (1%) of gross revenues. The PEG fee is in addition to the five percent (5%) franchise fee. The section goes on to state that up to three percent (3%) is allowable under certain conditions as stated below:

“5870(n) A local entity may, by ordinance, establish a fee to support PEG channel facilities consistent with Federal law that would become effective subsequent to the expiration of any fee imposed pursuant to paragraph (2) of subdivision (1). If no such fee exists, the local entity may establish the fee at any time. The fee shall not exceed 1 percent of the holder's gross revenues, as defined in Section 5860. Notwithstanding this limitation, if, on December 31, 2006, a local entity is imposing a separate fee to support PEG channel facilities that is in excess of 1 percent, that entity may, by ordinance establish a fee no greater than that separate fee, and in no event greater than 3 percent, to support PEG activities. The ordinance shall expire, and may be reauthorized, upon the expiration of the state franchise.”

When the Cox franchise was executed in 2001 and the Comcast franchise in 2004, fees for PEG channels were negotiated as lump sum payments up front. Cox and Comcast do not continue to make annual payments for PEG, and therefore staff does not believe the condition is met to charge a higher amount than the one percent (1%) allowed.

Agenda Date: April 12, 2011

Page: 4 of 4

Fiscal and Facilities Impacts:

The adoption of the ordinance will facilitate timely payment of the five percent (5%) franchise fee and the one percent (1%) PEG fee. The five percent (5%) franchise fee generates approximately \$1.3 million in revenue annually for the County. The one percent (1%) PEG fee will generate approximately \$80,000 annually from the Comcast franchise area and \$180,000 annually from the Cox franchise area. However, Cox will not be subject to the one percent (1%) PEG fee until their current franchise expires in 2017.

There are no facilities impacts.

Special Instructions:

1. The Clerk of the Board shall notice the proposed ordinance amendments in a newspaper of general circulation in the County of Santa Barbara 10 days and again 5 days prior to the first reading and a third time in accordance with Section Four of the ordinances within 15 days after its passage.
2. The Clerk of the Board shall send a copy of the signed and numbered ordinance and minute order to the General Services Department, attention Dawn Fargas.
