LATE
DIST

Santa Barbara Board of Supervisors
I am writing on behalf of myself
my neighbors, and many other
people living in "mobile" homes.

Steve Wagner & SMOH is helping
us by getting an item on your
agenda that would help keep our
leases from being raised more than
yearly and no more than the Cost of living
which is 2.5%.

We are basically immobile as we lease ~~our~~
the land our trailers are anchored to.
You do not allow for waivers of
additional raised more frequent than
the truly itinerant population which
live month to month are limited
to only one raise per year whereas
those of us with annual leases cannot
have waivers. Civil Code 798.19, 11A-8

Please help us to stay in our homes.

Thank you

Grace Rose
