To The Mission Canyon Sewer District concerning increased sewer charges. My address is Frank M Lick 2770 Glendessary Lane Santa Barbara, CA 93105. I purchased my home in 2012. Prior to the purchase the previous owner had rental units on the back of this property which the county required him to remove. It is unclear how many there were. Since that time only my wife and I have been the sole tenants on this property. It is my sincere hope that I have not been charged or over charged for sewer and am protesting any increase and my current rate as well as I am the sole tenant on my property.

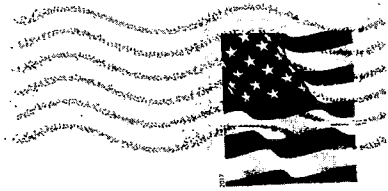

Frank M. Lick
