APN(s): 081-130-060; 081-130-019 Case No.: N/A

Location: Gaviota Coast, South of Highway 101 at Mariposa Reina exit

Project Title: Fourth Amendment to the Agreement for Reimbursement of the Cost of a Bikeway across the Gaviota Terminal Company Property

Project Description: The proposed action is for a timeline extension to a reimbursement Agreement for the cost of a costal bikeway across the Gaviota Terminal Company property and does not involve physical development. Therefore the action does not have the potential to cause any significant effect to the environment.

Reasons to support exemption findings (attach additional material, if necessary):

The activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment, and where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. Construction of a bikeway would be a separate project requiring permits that would include the necessary environmental review pursuant to CEQA.
