

LAND USE PERMIT NO: 15LUP-00000-00072

Project Name: BLANCO GRADING FOR ACCESS ROAD IMPROVEMENTS
Project Address: SWEENEY RD, LOMPOC, CA 93436
A.P.N.: 099-150-016
Zone: AG-II-100

The Board of Supervisors hereby approves this Land Use Permit for the project described below based upon compliance with the required findings for approval and subject to the attached terms and conditions.

APPROVAL DATE: 12/10/2024

DATE OF PERMIT ISSUANCE: 12/11/2024

PROJECT DESCRIPTION SUMMARY: The project is a request for a Land Use Permit to grade a private road within an easement over an existing agricultural field. The proposed road will span 3,945 linear feet.

To receive additional information regarding this project and/or to view the application and/or plans, please contact Kevin De Los Santos at santosk@countyofsb.org, or at (805)884-8051.

PROJECT SPECIFIC CONDITIONS: See Attachment "A"

ASSOCIATED CASE NUMBER:

24APL-00004

PERMIT ISSUANCE: This Land Use Permit will be issued following the close of the appeal period provided an appeal is not filed, or if appealed, the date of final action on the appeal which has the effect of upholding the approval of the permit. Issuance of this permit is subject to compliance with the following terms and conditions:

- 1. Notice.** Notice of this project shall be posted on the project site by the applicant utilizing the language and form of the notice provided by the Planning and Development Department. The notice shall remain posted continuously until at least 10 calendar days following action on the permit, including an action on any appeal of this permit (CLUDC Chapter 35.106 Noticing and Public Hearings). The **Proof of Posting of Notice on Project Site** shall be signed and returned to the Planning and Development Department prior to the issuance of the permit.
- 2. Compliance with conditions.** All conditions that are required to be satisfied prior to issuance of the permit have been satisfied and the permit has been signed by the applicant or owner.
- 3. Design Review.** If required, the project has been granted final approval by the appropriate Board of Architectural Review (BAR), and an appeal of that final approval has not been filed.

4. **Appeals.** An appeal of the approval of this permit, or an appeal of the final approval by the BAR, has not been filed with the County. If an appeal has been filed then the permit shall not be issued until final action on the appeal(s) has occurred which has the effect of upholding the approval of this permit, and if applicable, the final approval by the BAR.
5. **Other approvals.** Any other necessary approvals required prior to issuance of this Land Use Permit have been granted.

PERMIT EXPIRATION AND EXTENSION: This permit shall remain valid only as long as compliance with all applicable requirements of the CLUDC and the permit continues, including the conditions of approval specific to this permit. Additionally:

1. The approval of this permit shall expire 12 months from the effective date of the permit or other period allowed in compliance with an approved Time Extension, and shall be considered void and of no further effect unless the permit is either issued within the applicable period in compliance with the term indicated above or a valid application for a Time Extension is submitted prior to the expiration of this 12 month period and is subsequently approved (CLUDC: Section 35.82.110).
2. This permit shall expire two years from the date of issuance and be considered void and of no further effect unless the use and/or structure for which the permit was issued has been lawfully established or commenced in compliance with the issued permit or an application for a Time Extension is submitted prior to the expiration of this two year period and is subsequently approved (CLUDC: Section 35.82.110).
3. The effective date of this permit shall be (a) the day following the close of any applicable appeal period provided an appeal is not filed, or (b) if appealed, the date of final action on the appeal which has the effect of upholding the approval, or (c) some other date as indicated in this permit (CLUDC: Section 35.82.020).

WORK PROHIBITED PRIOR TO PERMIT ISSUANCE: No work, development, or use intended to be authorized pursuant to this permit approval shall commence prior to issuance of this permit and/or any other required permit (e.g. building permit).

OWNER/APPLICANT ACKNOWLEDGEMENT: Undersigned permittee acknowledges receipt of this approval and agrees to abide by all terms and conditions thereof. Undersigned permittee also acknowledges that issuance of this permit for this project does not allow construction or use outside of the project description, nor shall it be construed to be an approval of a violation of any provision of any County policy, ordinance or other governmental regulation.

Project Description

- 1. Proj Des-01 Project Description:** This Land Use Permit is based upon and limited to compliance with the project description and all conditions of approval set forth below, including mitigation measures and specified plans and agreements included by reference, as well as all applicable County rules and regulations. The project description is as follows:

The project is a request for a Land Use Permit to grade a private road, finished with a cement-treated aggregate base surface, within an easement over an existing agricultural field. The proposed road ranges in width from 20 feet (3,665 linear feet) to 16 feet through the hillside (280 linear feet). The road will span a total distance of 3,945 linear feet. Grading will include 1,157 cubic yards of cut and 864 cubic yards of fill. No trees are proposed for removal. Access to the project site is provided off of Sweeney Road. The property is a 346.16-acre parcel zoned AG-II-100, shown as Assessor's Parcel Number 099-150-016, and located at the terminus of Sweeney Road in the Lompoc area, Third Supervisorial District.

Any deviations from the project description, exhibits or conditions must be reviewed and approved by the County for conformity with this approval. Deviations may require approved changes to the permit and/or further environmental review. Deviations without the above described approval will constitute a violation of permit approval.

- 2. Proj Des-02 Project Conformity:** The grading, development, use, and maintenance of the property, the size, shape, arrangement, and location of the structures, parking areas and landscape areas, and the protection and preservation of resources shall conform to the project description above and the hearing exhibits and conditions of approval below. The property and any portions thereof shall be sold, leased or financed in compliance with this project description and the approved hearing exhibits and conditions of approval thereto. All plans (such as Landscape and Tree Protection Plans) must be submitted for review and approval and shall be implemented as approved by the County.

Conditions By Issue Area

- 3. Air-01 Dust Control:** The Owner/Applicant shall comply with the following dust control components at all times including weekends and holidays:
- a. Dust generated by the development activities shall be kept to a minimum with a goal of retaining dust on the site.
 - b. During clearing, grading, earth moving, excavation, or transportation of cut or fill materials, use water trucks or sprinkler systems to prevent dust from leaving the site and to create a crust after each day's activities cease.
 - c. During construction, use water trucks or sprinkler systems to keep all areas of vehicle movement damp enough to prevent dust from leaving the site.
 - d. Wet down the construction area after work is completed for the day and whenever wind exceeds 15 mph.
 - e. When wind exceeds 15 mph, have site watered at least once each day including weekends and/or holidays.
 - f. Order increased watering as necessary to prevent transport of dust off-site.
 - g. Cover soil stockpiled for more than two days or treat with soil binders to prevent dust generation. Reapply as needed.
 - h. If the site is graded and left undeveloped for over four weeks, the Owner/Applicant shall immediately:
 - i. Seed and water to re-vegetate graded areas; and/or
 - ii. Spread soil binders; and/or
 - iii. Employ any other method(s) deemed appropriate by P&D or APCD.

PLAN REQUIREMENTS: These dust control requirements shall be noted on all grading and/or building plans.

PRE-CONSTRUCTION REQUIREMENTS: The contractor or builder shall provide P&D and APCD with the name and contact information for an assigned onsite dust control monitor(s) who has the responsibility to:

- a. Assure all dust control requirements are complied with including those covering weekends and holidays.
- b. Order increased watering as necessary to prevent transport of dust offsite.
- c. Attend the pre-construction meeting.

TIMING: The dust monitor shall be designated prior to commencement of ground disturbing activities. The dust control components apply from the beginning of any grading or construction throughout all development activities until Final Building Inspection Clearance is issued.

MONITORING: P&D grading and building inspectors shall spot check; Grading and Building shall ensure compliance onsite. APCD inspectors shall respond to nuisance complaints.

- 4. CulRes-09 Stop Work at Encounter:** The Owner/Applicant and/or their agents, representatives or contractors shall stop or redirect work immediately in the event archaeological remains are encountered during grading, construction, landscaping or other construction-related activity. The Owner/Applicant shall immediately contact P&D staff, and retain a P&D approved archaeologist and Native American representative to evaluate the significance of the find in compliance with the provisions of the County Archaeological Guidelines and conduct appropriate mitigation funded by the Owner/Applicant.

5. **Noise-02 Construction Hours:** The Owner /Applicant, including all contractors and subcontractors shall limit construction activity, including equipment maintenance and site preparation, to the hours between 7:00 a.m. and 4:00 p.m. Monday through Friday.

No construction shall occur on weekends or State holidays. Non-noise generating interior construction activities such as plumbing, electrical, drywall and painting (which does not include the use of compressors, tile saws, or other noise-generating equipment) are not subject to these restrictions.

Any subsequent amendment to the Comprehensive General Plan, applicable Community or Specific Plan, or Zoning Code noise standard upon which these construction hours are based shall supersede the hours stated herein.

PLAN REQUIREMENTS: The Owner/Applicant shall provide and post a sign stating these restrictions at all construction site entries.

TIMING: Signs shall be posted prior to commencement of construction and maintained throughout construction.

MONITORING: The Owner/Applicant shall demonstrate that required signs are posted prior to grading/building permit issuance and pre-construction meeting. Building inspectors shall spot check and respond to complaints.

6. **WatConv-01 Sediment and Contamination Containment:** The Owner/Applicant shall prevent water contamination during construction by implementing the following construction site measures:

1. All entrances/exits to the construction site shall be stabilized using methods designed to reduce transport of sediment off site. Stabilizing measures may include but are not limited to use of gravel pads, steel rumble plates, temporary paving, etc. Any sediment or other materials tracked off site shall be removed the same day as they are tracked using dry cleaning methods. Entrances/exits shall be maintained until graded areas have been stabilized by structures, long-term erosion control measures or landscaping.

2. Apply concrete, asphalt, and seal coat only during dry weather.

3. Cover storm drains and manholes within the construction area when paving or applying seal coat, slurry, fog seal, etc.

4. Store, handle and dispose of construction materials and waste such as paint, mortar, concrete slurry, fuels, etc. in a manner which minimizes the potential for storm water contamination.

PLAN REQUIREMENTS: The Owner/Applicant shall ensure all above construction site measures are printed as notes on plans.

TIMING: Stabilizing measures shall be in place prior to commencement of construction. Other measures shall be in place throughout construction.

MONITORING: The Owner/Applicant shall demonstrate compliance with these measures to P&D staff as requested during construction.

7. **WatConv-04 Equipment Storage-Construction:** The Owner/Applicant shall designate a construction equipment filling and storage area(s) to contain spills, facilitate clean-up and proper disposal and prevent contamination from discharging to the storm drains, street, drainage ditches, creeks, or wetlands. The areas shall be no larger than 50 x 50 foot unless otherwise approved by P&D. The area must be located within the 1990 MOA easement area and shall be located at least 100 feet from any storm drain, waterbody or sensitive biological resources.

PLAN REQUIREMENTS: The Owner/Applicant shall designate the P&D approved location on all grading and/or building permits.

TIMING: The Owner/Applicant shall install the area prior to commencement of construction.

MONITORING: P&D staff shall ensure compliance prior to and throughout construction.

- 8. WatConv-05 Equipment Washout-Construction:** The Owner/Applicant shall designate a washout area(s) for the washing of concrete trucks, paint, equipment, or similar activities to prevent wash water from discharging to the storm drains, street, drainage ditches, creeks, or wetlands. Note that polluted water and materials shall be contained in this area and removed from the site as needed. The area shall be located at least 100 feet from any storm drain, waterbody or sensitive biological resources.
- PLAN REQUIREMENTS:** The Owner/Applicant shall designate the P&D approved location on all building and/or grading permits.
- TIMING:** The Owner/Applicant shall install the area prior to commencement of construction.
- MONITORING:** P&D staff shall ensure compliance prior to and throughout construction.

County Rules and Regulations

- 9. Rules-03 Additional Permits Required:** The use and/or construction of any structures or improvements authorized by this approval shall not commence until the all necessary planning and building permits are obtained. Before any Permit will be issued by Planning and Development, the Owner/Applicant must obtain written clearance from all departments having conditions; such clearance shall indicate that the Owner/Applicant has satisfied all pre-construction conditions. A form for such clearance is available from Planning and Development.
- 10. Rules-05 Acceptance of Conditions:** The Owner/Applicant's acceptance of this permit and/or commencement of use, construction and/or operations under this permit shall be deemed acceptance of all conditions of this permit by the Owner/Applicant.
- 11. Rules-23 Processing Fees Required:** Prior to issuance of Land Use Permit, the Owner/Applicant shall pay all applicable P&D permit processing fees in full as required by County ordinances and resolutions.
- 12. Rules-30 Plans Requirements:** The Owner/Applicant shall ensure all applicable final conditions of approval are printed in their entirety on applicable pages of grading/construction or building plans submitted to P&D or Building and Safety Division. These shall be graphically illustrated where feasible.
- 13. Rules-33 Indemnity and Separation:** The Owner/Applicant shall defend, indemnify and hold harmless the County or its agents or officers and employees from any claim, action or proceeding against the County or its agents, officers or employees, to attack, set aside, void, or annul, in whole or in part, the County's approval of this project. In the event that the County fails promptly to notify the Owner / Applicant of any such claim, action or proceeding, or that the County fails to cooperate fully in the defense of said claim, this condition shall thereafter be of no further force or effect.
- 14. Rules-37 Time Extensions-All Projects:** The Owner / Applicant may request a time extension prior to the expiration of the permit or entitlement for development. The review authority with jurisdiction over the project may, upon good cause shown, grant a time extension in compliance with County rules and regulations, which include reflecting changed circumstances and ensuring compliance with CEQA. If the Owner / Applicant requests a time extension for this permit, the permit may be revised to include updated language to standard conditions and/or mitigation measures and additional conditions and/or mitigation measures which reflect changed circumstances or additional identified project impacts.
