Dear Supervisors,

As the current Chair of the Santa Barbara Chapter of Surfrider, I urge the Board of Supervisors to follow the Planning Commission's recommendation and deny the Las Varas Ranch Project. The proposed fragmentation of a historic Gaviota Coast working ranch is inconsistent with County policies protecting agriculture, and with the community's vision for the Gaviota Coast. The project, including the residential development it facilitates, will degrade important public views and compromise sensitive resources. Please uphold County policy and deny the Las Varas Ranch Project.

Best regards,
