Cite specific CEQA Guideline Section: 15301 Existing Facilities

Reasons to support exemption findings: The proposed action is to consent to assignment and amend an existing lease agreement authorizing the continued use of facilities that does not involve any physical changes, and therefore, have no potential to have any effect on the environment. As defined in the California Environmental Quality Act (CEQA) guidelines, Section 15301 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. All of the activities contemplated in the First Amendment are part of the current activities and no expansion of an existing use and therefore, the categorical exemption stated above is applicable for the proposed action and satisfies the requirements of CEQA.
