**Reasons to support exemption findings (attach additional material, if necessary):**

The Santa Barbara County Board of Supervisors is the responsible agency to authorize the MOU for the Federal Land Access Grant Program. The request to approve and authorize the MOU for the Federal Land Access Grant Program is not a project by definition. The term project refers to the activity which is being approved and which may be subject to several discretionary approvals by governmental agencies. The term project does not mean each separate governmental approval. Further, the approval of the MOU for the Federal Land Access Grant Program will not create any unusual circumstances which would create a possibility that there would be a significant effect.
