PROJECT APPLICANT: Ivan Van Wingerden

PROJECT LOCATION: The subject property is 8.96 acres zoned Agriculture I-10 (AG-I-10 with a 10-acre minimum parcel size), shown as APN 005-280-025 known as 3508 Via Real, in the Carpinteria Agricultural Overlay and Toro Canyon Community Plan area, First Supervisorial District.

Program EIR Project Description (Summary): Consistent with state law, Cannabis Land Use Ordinances would regulate cannabis activities within the unincorporated County. The Cannabis Land Use Ordinances are intended to balance the diverse demands for cannabis products with the public health, safety, and welfare of the community through the enactment of strong and effective regulatory and enforcement controls. The Cannabis Land Use Ordinances would regulate how, where, and how much cannabis and cannabis products may be cultivated, processed, manufactured, tested, distributed, and sold while protecting the environment, neighborhood character, and quality of life for people and communities.

PROJECT DESCRIPTION: The Proposed Project includes a request to allow 4.15 acres of cannabis cultivation, consisting of 3.96 acres (172,660 sq. ft.) of mixed-light mature cannabis planting, growing, and harvesting in two existing 3.96-acre permitted greenhouses and 0.19 acres (8,276 sq. ft.) of processing within 0.28 acres of processing, packing, and shipping buildings consisting of permitted and as-built development located between the two greenhouses. Processing will consist of drying, trimming, storage, and packaging. Other activities occurring in the central building will be cannabis and equipment storage, employee breakroom, bathrooms and administrative offices. Cannabis will be taken offsite by a licensed third-party distributor. There will be up to 50 full-time, year-round line or contract employees, Monday through Saturday. Planting and harvesting will take place continually throughout the year. Hours of operation will be from 6:30 a.m. to 3:30 p.m. Monday through Friday, and 6:30 a.m. to 11:00 a.m. on Saturday. There will continue to be 39 parking spaces located onsite. The property is an 8.96-acre parcel zoned Agricultural I (AG-I-10), shown as Assessor's Parcel Number 005-280-025, located at 3508 Via Real in the Toro Canyon Community Plan in the Carpinteria area, First Supervisorial District.

On February 6, 2018, the County of Santa Barbara Board of Supervisors, as lead agency, approved and certified the final Program Environmental Impact Report for the Cannabis Land Use Ordinances, and made the following determinations regarding the Cannabis Land Use Ordinances:

1. An Environmental Impact Report was prepared for this Project pursuant to the provisions of CEQA.
2. The Project will have a significant effect on the environment.
3. Mitigation measures (i.e., development standards set forth in the ordinance amendments) were incorporated into the Project, as part of the approval of the Project.
4. A mitigation report or monitoring plan was adopted for the Project.
5. A statement of Overriding Considerations was adopted for the Project.
6. Findings were made pursuant to the provisions of CEQA.
7. A portion of the Project requires discretionary approval from the California Coastal Commission.

The final Program EIR, including one EIR Revision Letter (RV01) with comments and responses, and record of project approval for the Cannabis Land Use Ordinances are available to the general public at:

- Santa Barbara County Planning and Development: 123 East Anapamu St. Santa Barbara, CA 93101; and
- Online at: <http://cannabis.countyofsb.org/zones.sbc>

On May 24, 2022, the Santa Barbara County Board of Supervisors approved the above described Development Plan, Minor Conditional Use Permit, and Coastal Development Permit (Case Nos. 19DVP-00000-00016, 22CUP-00000-00005, and 19CDP-00000-00017) and made the following determinations regarding the Project:

1. A Program EIR was previously certified for the Cannabis Land Use Ordinances and is used as the basis for this approval.
2. Findings and a statement of overriding consideration were previously adopted for the Cannabis Land Use Ordinances.
3. The Board used a written checklist pursuant to CEQA Guidelines Section 15168(c)(4) to document the evaluation of the Coastal Development Permit and Development Plan.
4. The Coastal Development Permit, Minor Conditional Use Permit, and Development Plan incorporate all applicable mitigation measures from the Program EIR.
5. The Coastal Development Permit, Minor Conditional Use Permit, and Development Plan would not have effects that were not examined in the Program EIR and pursuant to CEQA Guidelines Section 15162, no additional environmental review is required.
6. All of the environmental impacts of the Coastal Development Permit, Minor Conditional Use Permit, and Development Plan are within the scope of the Program EIR and a subsequent environmental document is not required to evaluate the environmental impacts of the proposed commercial cannabis operation.

The Findings, CEQA Determination, CEQA Checklist, and record of project approval for the 3508 Via Real Cannabis Cultivation and Processing Project are available to the general public at:
