

**AMENDMENT NO. 2 TO THE
AGREEMENT FOR SERVICES OF INDEPENDENT CONTRACTOR WITH
Filippin Engineering Inc. for the Construction Management of the Isla Vista Trash
Capture Project (BC No. 24-122, Project No. 56STC)**

Pursuant to Paragraph 38 of the Agreement for Services of Independent Contractor (hereinafter AGREEMENT) entered into on August 27, 2024 and first amended on November 15, 2024, as BC No. 24-122 between the **County of Santa Barbara** (hereafter COUNTY), and **Filippin Engineering Inc.** having its principal place of business **354 S. Fairview Avenue, STE D, Goleta, CA 93117** (hereafter CONTRACTOR), the COUNTY and CONTRACTOR hereby agree to amend the AGREEMENT as follows:

1. Exhibit A Statement of Work of the AGREEMENT is hereby amended to read:

Contractor agrees to provide services as identified in and in accordance with the attached proposal for construction management and inspection (Attachments A1 and A2).

Contractor agrees to provide COUNTY services as identified in the attached proposal (Attachments A1 and A2). CONTRACTOR agrees that work will only commence at the issuance of a written Notice to Proceed by the Public Works Director or Director's designee.

2. Exhibit B, paragraph A is hereby amended to read:

A. For CONTRACTOR services to be rendered under this Agreement, CONTRACTOR shall be paid a total contract amount, including cost reimbursements, not to exceed **\$137,715**.

C. Payment for services and /or reimbursement of costs shall be made upon CONTRACTOR's satisfactory performance, based upon the scope and methodology contained in **EXHIBIT A** as determined by COUNTY. Payment for services and/or reimbursement of costs shall be based upon the costs, expenses, overhead charges and hourly rates for personnel, as defined in **Attachment B1 and B2** (Schedule of Fees). Invoices submitted for payment that are based upon **Attachment B1 and B2** must contain sufficient detail to enable an audit of the charges and provide supporting documentation if so specified in **EXHIBIT A**.

In all other respects, the AGREEMENT remains unchanged and in full effect.

IN WITNESS WHEREOF, the parties have executed this Amendment to be effective on the date executed by COUNTY.

Attachment A2

February 18, 2025

Santa Barbara County – Project Clean Water/Water Resources Division
130 E. Victoria Street #200
Santa Barbara, CA 93101
Attn: Cathleen Garnand

**SUBJECT: PROPOSAL FOR CONSTRUCTION MANAGEMENT and INSPECTION for Isla Vista Trash
Capture Project – EXTRA SERVICES SCOPE OF WORK**

Dear Ms. Garnand:

Thank you for the opportunity to submit this cost proposal and scope of work to perform additional construction management and inspection services to close out the Isla Vista Trash Capture Project. This request is due to construction delays pushing the contract completion beyond the original construction contract period of 35 working days starting January 24, 2025. Contract is currently at 48 working days (not including rain days) and the Contractor has not completed the project work. Construction delays are due to the HDS unit not being set by the Contractor at the correct elevation and flooding of the excavation causing sloughing of the excavation side slopes.

Based on current project progress we anticipate project completion by February 28, 2025, which would result in a total contract time of 58 working days. Given the increase in contract time additional services on the project are required. In addition, this cost proposal request includes additional time to resolve anticipated contractor claims related to placement of the HDS unit. The scope of the extra services to be provided include the following:

FE's Construction Manager services will be performed at half time and will include construction contract administration and construction engineering and quality assurance over the Contractor's work.

CONSTRUCTION PHASE SCOPE FOR CONSTRUCTION MANAGEMENT

- | | |
|--|---|
| <ul style="list-style-type: none">• Construction Management Plan/Coordination of Execution• Project Communication and Coordination, review Contractor correspondence and prepare responses, coordinating as necessary• Monitoring of and Compliance with schedules• Draft and negotiate Change Orders• Establish and Maintain Contract Documentation Procedures• Progress Reporting and Record Keeping• Maintain RFI and Submittal Logs, and review and route as necessary, and prepare responses to RFIs and Submittals• Review and Process Progress Pay Estimates | <ul style="list-style-type: none">• Prepare Cost Request Bulletins and associated backup for negotiation of changes• Project communication with stakeholders• Collaboration with Design Engineer & Agency Staff• Assure compliance with plans, specs, and permits• Perform final inspection & recommend acceptance• Permit compliance monitoring• Coordinate with contracted surveyors and material testing• Research and respond to Notices of Potential Claims, claims review and resolution |
|--|---|

FE's Construction Inspector will be responsible for supporting the Construction Contract administration and monitoring daily activities of the implemented work. Their duties will include those listed below, and as required to fulfill their role for the remainder of the project and until the project paperwork is finalized and approved. It is anticipated that Inspection services are to be performed on full time basis while work is being performed in the field.

CONSTRUCTION PHASE SCOPE FOR CONSTRUCTION INSPECTION

- Construction Observation/Inspection
- Photographic documentation, prior, during, and after construction.
- Quality Assurance
- Conflict and field issue identification
- Daily inspection reports
- Quantity verification
- Material and equipment verification
- Extra work/CCO diary of work
- Track installed quantities for progress payment backup.
- Punchlist for final inspection
- Safety & Public Relations
- Maintain field record drawings
- Request/review material certifications
- Review bid sheet quantities for accuracy
- Traffic Control and Public Safety
- Coordinate closely with CM

Following the completion of construction, FE will perform the following post construction services:

POST-CONSTRUCTION PHASE SCOPE

- Final Inspection and Punch List
- Compile record drawing information (redlines) from FE and Contractor markups.
- Make recommendation for final payment and acceptance
- Statement of Final Quantities and/or Final Balancing Change Order
- Notice of Completion
- Compile outstanding claim information for closeout
- Electronic Copy of all Project Files in Caltrans standard recordkeeping guidelines.
- Delivery of Project Files in electronic file format.

We have not budgeted additional fees for working extended hours, holidays, or weekends. Should extended hours be required, overtime rates (1.3 times the normal billing rate) will apply.

It is estimated that the total additional cost required for the project is approximately \$47,645 based on the information provided above. Reference table below for the assumed breakdown of the additional costs.

ATTACHMENT B2

ESTIMATED RESOURCE REQUIREMENTS FOR ADDITIONAL CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES				
ISLA VISTA TRASH CAPTURE PROJECT				
Note & Assumptions: • Estimated services based on construction duration of 23 Working Days to complete remaining work. • Average of two hours construction management required for the construction duration (plus post construction monitoring). • Average of fifteen (5 hours/day) inspection required for the construction duration, no overtime estimated.	FILIPPIN ENGINEERING			
	Principal Construction Manager	Associate Construction Manager	Senior Construction Inspector	Office Engineer/Labor Compliance Officer
