It is not often that we agree with your decisions so I thought I should let you know that on this one we do. There are too many wineries open for tasting, etc. in the SY Valley. We know that you have no control over the tasting rooms in the valley towns but they are taking over and hurting the other tourist businesses. Growing grapes and processing them has become very lucrative at the expense of agriculture and business. By the way we are not in the tourist business - just interested valley residents of over 70 years.
Thank you, Myra and Bill Petersen

Salud,

I know you are very busy. I have a family issue and can't attend Tuesday. I have shared my concerns throughout this multi-year process despite being threatened by a neighbor and being bullied by county and out of county vintners

Today I was almost in a crash on my way home. An impatient driver missed my car by an inch and the cars who had to brake hard to avoid crashing into her at 154/Edison at app 2:30 pm avoided hitting myself and others by inches

We can't have more traffic added due to adding tasting rooms in the inner rural area..... Lives matter

Please call me at 245-5620. I promise to keep it very brief ... 3 minutes. Safety and protecting ag is so vital to our area

Thank you again for your service!!! You rock

Peace,

Mary Beth

1st District- Salud Carbajal,

We love Santa Barbara Wine Country and want the region to thrive with wineries and tasting rooms under a set of fair and balanced regulations. Please vote NO on the proposed winery ordinance as written.

Thank you for your time.

Sincerely,
Thom and Lisa Ehrnman
