## ***Introduction***

This Mello-Roos Community Facilities District Administration Report presents the findings of the research and financial analysis performed by David Taussig & Associates, Inc. to determine the special tax requirement for Community Facilities District No. 2002-1 (Orcutt Community Plan) (“CFD No. 2002-1”) of the County of Santa Barbara (“the County”) for fiscal year 2009-2010.

CFD No. 2002-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982, (the "Act") as amended. The Act provides an alternative method for the financing of certain public facilities and services. Specifically, CFD No. 2002-1 is authorized to levy an annual special tax to finance (i) fire protection and suppression services, (ii) police protection services, (iii) maintenance of parks, parkways and open spaces, and (iv) flood and storm protection services.

The authorized services are funded through the annual levy and collection of special taxes from all property subject to the tax within the community facilities district. In calculating the special tax liability for fiscal year 2009-2010, this report examines the financial obligations of the current fiscal year and analyzes the level of development within CFD No. 2002-1. Though the Rate and Method of Apportionment describes the collection of an annual special tax as well as a Building Permit One-Time Special Tax and a one-time Grading Permit Special Tax, the focus of this report is the levy of the annual special taxes.

This report is organized into the following sections:

### **Section I**

Section I provides an update of the development status of property within CFD No. 2002-1.

### **Section II**

Section II analyzes the fiscal year 2008-2009 special tax levy.

### **Section III**

Section III determines the financial obligations of CFD No. 2002-1 for fiscal year 2009-2010.

### **Section IV**

Section IV reviews the methodology used to apportion the special tax requirement to Developed Property and Graded Property. A table of the 2009-2010 special taxes for each classification of property is included.

## **Special Tax Classifications**

The methodology employed to calculate and apportion the special tax is contained in a document entitled the Rate and Method of Apportionment. The Rate and Method of Apportionment defines three categories of property, namely "Developed Property," "Graded Property," and "Undeveloped Property." The category of Developed Property is in turn divided into four separate special tax classifications based on the type of structure built. A table of the Developed Property special tax classifications is shown below.

### **Community Facilities District No. 2002-1 Developed Property and Graded Property Classifications**

<b>Land Use Class</b>	<b>Description</b>
1	Single Family Property
2	Multi-Family Property
3	Non-Retail / Commercial Industrial Property
4	Retail Commercial Property
NA	Graded Property

Developed Property is distinguished from Graded Property and Undeveloped Property by the issuance of a building permit. Specifically, property for which a building permit was issued on or after March 1, 2002 and as of June 30 of the previous Fiscal Year will be classified as Developed Property in the following fiscal year. For example, all property in CFD No. 2002-1 for which a building permit was issued between March 1, 2002 and June 30, 2009, will be classified as Developed Property in fiscal year 2009-2010. For fiscal year 2009-2010, Graded Property is defined as all taxable property other than Developed Property, for which a land use permit for grading was issued between March 1, 2002 and June 30, 2009.

## **Development Update**

The table below indicates the cumulative Developed Property, by class, within CFD No. 2002-1. According to the County of Santa Barbara, building permits for 236 single family units, 20 multi-family units, and 292 land use grading permits (for property not yet considered Developed Property) had been issued within CFD No. 2002-1 after March 1, 2002 and prior to June 19, 2009. Additional Developed Property for fiscal year 2009-2010 includes the five Assessor's Parcels consisting of 32,015 building square feet that are identified in the Rate and Method of Apportionment as Retail Commercial Property. No additional building permits or land use grading permits are expected to be issued prior to June 30, 2009.

## ***IV. Method of Apportionment***

---

### **Maximum Annual Special Taxes**

The amount of special taxes that CFD No. 2002-1 may levy is strictly limited by the maximum special taxes set forth in the Rate and Method of Apportionment. The Maximum Special Taxes for each classification of Developed Property are specified in Table 1 of Section C of the Rate and Method of Apportionment. The initial Maximum Special Tax will escalate each Fiscal Year by the greater of the change in the Los Angeles Urban Consumer Price Index (“CPI”) during the previous twelve months or 2%, commencing July 1, 2003 and continuing every July 1 thereafter. For fiscal year 2009-2010, the annual increase in the CPI was 0.11%.

The maximum annual Grading Permit Special Tax for Graded Property is specified in Section C.2 of the Rate and Method of Apportionment. No Special Taxes shall be levied upon Undeveloped Property.

### **Apportionment of Annual Special Taxes**

The annual special tax that is apportioned to each parcel is determined through the application of Section D of the Rate and Method of Apportionment.

The Maximum Special Tax shall be levied against each Assessor’s Parcel of Developed Property at up to 100% of the applicable Maximum Special Tax until the amount of the Special Taxes equals the Special Tax Requirement. In addition, the Grading Permit Special Tax shall be levied at 100% of Maximum Special Tax on each legal lot of Graded Property.

Application of the maximum rates under the first step yields aggregate special tax revenues of \$220,975.83. As discussed in Section III, the County adjusted the special tax requirement so that the special tax levy on Developed Property is equal to 72.0 percent of the Maximum Special Tax, which is the same percentage of the Maximum Special Tax levied in FY 2008-2009. As stated above, Graded Property is levied at 100% of the Maximum Special Tax. The fiscal year 2009-2010 maximum and actual special taxes are shown for each classification of Developed Property and Graded Property in the following table.

**Community Facilities District No. 2002-1
