July 10, 2023

Elizabeth Gomez,
Public Sector Manager
Waste Management
4333 W. Jefferson
Fresno, CA. 93725

Dear Ms. Gomez:

I wanted to follow-up with you and your local Waste Management staff to thank you for the many years, Waste Management has been providing services to the residents of Guadalupe. Aside from the regular services Waste Management provides on a weekly basis, we appreciate you all for the services your company has provide to us beyond our regular agreements with Waste Management.

When we did extensive clean up and landscaping work with local volunteers and City staff at O'Connell Park, a simple call to your office made sure that Waste Management provided 40-yard green waste containers to haul away three limbs, shrubbery, and other green waste. Your staff worked well with volunteers and staff to haul off materials which, if not removed, would have left our local 15-acre park in disrepair.

During the recent floods in the early part of this year, a call from our public works and public safety officials requesting debris roll-offs to discard flood ruined household and personal belongings, the immediately response from Waste Management to assist local flood victims clean up their homes was a tribute to how efficient and prompt your company operates. Without these roll-offs, flood victims would have no way of accessing their homes to clean up the debris which would have created a mold issue on top of losing possessions. Waste Management crew immediately removed the units once filled and replaced empty units until all debris was removed from impacted homes and apartments. Without Waste Management's timely assistance, local Pioneer Street residents would have suffered and even greater financial and personal loss.

Finally, the City's communication with you and Waste Management staff has been exceptional with quick responses to our requests. We are confident that our working relationship with residents, the City of Guadalupe and Waste Management will continue to be positive.

With Appreciation
Ariston Julian, Mayor
City of Guadalupe
