Estimate Time:
Continued Item: NO
If Yes, date from:

TO: Board of Supervisors
FROM: Phillip M. Demery, Director
Public Works
STAFF CONTACT: Eric Pearson, Construction Section Manager
681-5686
SUBJECT: Repair of Metal Beam Guard Railing in the 3rd, 4th and 5th Supervisorial Districts in Santa Barbara County. Santa Barbara County Project No. 830505.

Recommendation(s):

That the Board of Supervisors:

Accept Notice of Completion for work performed by the Contractor, Alcorn Fence Company (Not A Local Vendor), P. O. Box 1249, Simi Valley, California 91353, and authorize Clerk to record.

Alignment with Board Strategic Plan:

The recommendations are primarily aligned with Goal No. 1, An Efficient Government Able to Anticipate and Respond Effectively to the Needs of the Community.

Executive Summary and Discussion:

This project repaired a total of 925 feet of damaged approach metal beam guard railing at eighteen locations throughout the County. This repair was in accordance with the 2002/2003 Road Maintenance Annual Plan, Traffic and Safety Control Project Category.

Necessary repairs varied from the replacement of a single part, to 163 foot long sections of typical guard railing (which included new railing, hardware, and the resetting of new wood posts), to the installation of entire energy absorbing terminal end systems. The Federal Highway Administration (FHWA) recently published new standards for terminal end sections of approach metal beam guardrails. As part of this project, any end section that had experienced severe damage was replaced with the newly approved terminal end sections.

This project was bid in accordance with the Public Contract Code, which requires the Department to award to the lowest responsible bidder.

The Director of Public Works accepted this project as complete on April 8, 2004. The project was completed on time and on budget.

See Attachment A for a list of sites.

Before

After

Mandates and Service Levels:

No change in programs or service levels.

Fiscal and Facilities Impacts:

The project cost was funded with road maintenance funds for the various districts. Funds were budgeted in Dept. 054, Fund 0015, Program 2900, Org 0001 and Account 7510

Concurrence:

None Required
