County of Santa Barbara

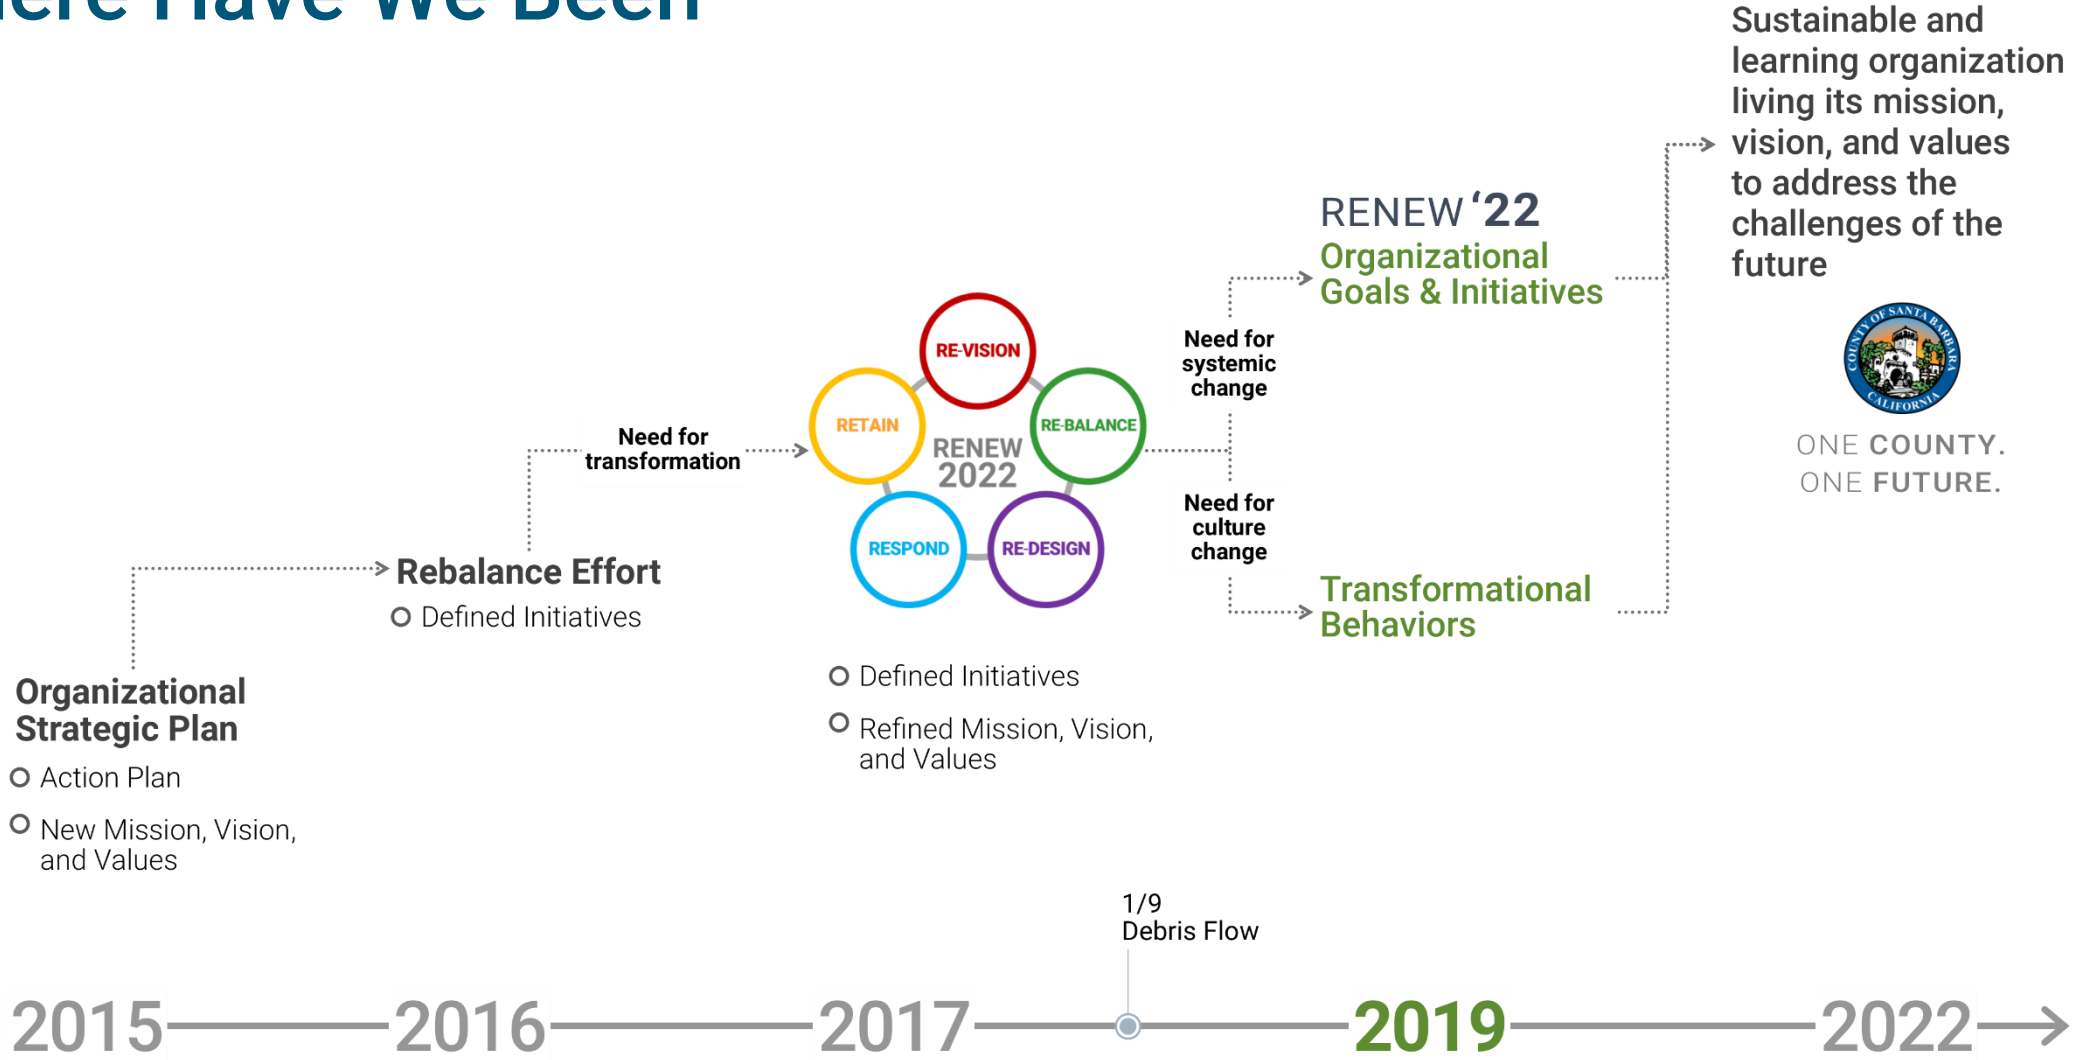

ABOUT **RENEW** '22

Transformation

- County embarked on a multi-year initiative to transform how County government does its work in 2017
- Seeks to build County's capacity for innovation and continuous improvement
- Addresses five core areas
 - **Re-visioning** the organization
 - **Re-balancing** our resources
 - **Re-designing** how we do our work
 - **Responding** to residents and customers with the highest quality of services within our means
 - **Retaining** high-performing employees and preparing the next generation of leaders

Where Have We Been

ONE COUNTY.
ONE FUTURE.

PROGRESS **2019**

A Strategic Pause

- Purpose
 - Look at progress on initiatives
 - Make course corrections where needed
- Key Focus Areas
 - **Systemic change**
Define success and provide a clear direction to the organization on expectations
 - **Culture Change**
Focus on the need for transformation of the organizational culture and behaviors broadly
 - **Framework to support transformation**

Big Picture Goals

Re-Balance

Enhance Financial Resiliency

Beginning June 2021 and each year following, each department will enhance financial resiliency (efficient use of staff, new revenue, cost avoidance, cost reduction, efficiencies) in an amount annually with a goal of at least 1% of their total budget (base year of FY 2019-20).

Re-Design

Migrate County services online

By June 2022, evaluate and migrate 75% of County services determined feasible to be placed on-line.

PEAK performance training

By June 2022, ensure 225 County employees are trained in PEAK and two times the program cost are achieved in savings.

Retain

Manager leadership development

By December 2020, 30% of managers participate in a leadership development program (countywide or department sponsored).

New employee retention

By June 2022, retain 80% of new employees during their first 5 years of County employment.

Respond

Conduct internal customer service survey

By June 30, 2020, conduct a consolidated biennial, internal customer service survey or other feedback of 100% of internal service departments and develop individual department action plans, including a communication strategy, to address areas of needed improvement.

Conduct external customer/client satisfaction survey

By December 2020, conduct biennial external customer or client satisfaction surveys or other feedback where feasible, and develop individual department action plans, including a communications strategy, to address areas of needed improvement.

Transformative Behaviors

Alignment with Vision

Each individual's work effort aligns with the department mission and countywide organizational vision and there is a deep understanding of how their work contributes to the whole.

Risk Taking

Try new things, take reasonable risks, with the best available information, question the status quo, have a bias for action, weigh relative risks, have a propensity for action– be able (willing) to fail and learn from it. (Learn, Listen, Act)

Collaborative Problem Solving

Develop innovative and better solutions to difficult problems and focus on outcomes with shared accountability and ownership. Reach solutions by pooling knowledge, skills and efforts and collaboratively act to achieve desired outcomes.

Data-Driven Decision Making

Develop, collect, share and act upon data to make decisions in the best interest of the county and improve outcomes.

Strategic Thinking

Demonstrate an orientation to the future, understand the “what-if’s” and uncertainties, develop, maintain and aggressively pursue the implementation of long-term plans and constantly measure progress towards results.
